

AFL-CIO "Convicts" Beck France, Britain Seek New Suez Talks

Russia Backs Egypt's View Issue Settled

Agreement Based On U.N. Principles Urged By Pineau

UNITED NATIONS, N. Y., May 20 (AP)—France and Britain joined against Soviet opposition today and urged Egypt to negotiate a Suez Canal settlement founded on international confidence.

Foreign Minister Christian Pineau of France, touched off the latest round of Suez talk with a call on the 11-nation Security Council to arrange new negotiations with Egypt for a permanent settlement. He drew quick backing from Sir Pierson Dixon of Britain, and Ronald Walker of Australia.

Pineau assailed the present operation of the canal under an Egyptian declaration issued last month as "ambiguous" and "temporary." He said a definite settlement should be worked out on the basis of six principles approved unanimously by the council last Oct. 13.

Issue Settled, Sobolev Says In quick reply, Omar Loutfi of Egypt said a declaration by his government, filed with the U. N. as an international document, is in accord with the principles. Furthermore, he said, the canal is operating and is being used by major powers.

Arkady A. Sobolev, Soviet Union, backed Loutfi on the declaration. Sobolev said the Suez Canal problem has been settled and there is no reason to continue its discussion in the council. He accused France of making a new attempt to exert pressure on Egypt.

Lodge Slated To Speak Dixon told the council it was the general opinion of that body last month that the Egyptian declaration needs clarification. He said Egypt by no means has complied with the Security Council's requirements.

The council adjourned until tomorrow with more speakers to be heard. Among these is U. S. Delegate Henry Cabot Lodge, council president for May. Lodge has given no indication of the American attitude toward Pineau's move.

Pineau appeared before the Council as the representative of the lone government still boycotting the Suez Canal.

The French consider the United States and Britain let them down by deciding to use the canal with reservations.

Kishi Takes Off On S. Asia Tour TOKYO, May 20 (AP)—Prime Minister Nobusuke Kishi took off tonight on an unprecedented mission of good will to South Asian countries Japan once hoped to dominate.

He plans to visit the government chiefs of Burma, India, Pakistan, Ceylon, Thailand and Nationalist China as friendly, independent equals to explore "ways and means to attain mutual prosperity."

The only other time a Japanese prime minister in office has toured Southeast Asia, a strategic section of Kishi's itinerary, was when Gen. Hideki Tojo strutted to the "corners of the great Japanese Empire" in World War II.

Kishi has two big objectives. He wants to build his prestige as a major spokesman for Asia and increase his leverage on the United States when he travels to Washington next month for a review of American-Japanese relations. He will be fresh from talks with such men as India's Prime Minister Nehru and Formosa's President Chiang Kai-shek when he sees President Eisenhower.

Haiti's Military Leader Defies Removal Order

DEFIES COUNCIL — Brig. Gen. Leon Cantave (above), chief of Haiti's army, yesterday was ordered to surrender his post by the Executive Council now ruling the country. However, Cantave, backed by the army, defied the council and refused to step down. An army takeover appeared imminent.

Bulgarian Asks French-Soviet Arms Parley

MOSCOW, May 20 (AP)—Premier Nikolai Bulganin has proposed direct negotiations between France and Soviet Russia as a preliminary toward new big power disarmament talks, the Soviet government disclosed today.

The proposal was contained in a 4,000-word letter to French Premier Guy Mollet. It seemed to reflect the current Soviet desire for conferences in general, regardless of where or with whom, as part of the Kremlin's latest peace offensive.

U. N. Talks In Recess The French-Soviet parley envisioned by Bulganin apparently would supplement London talks of the U. N. Disarmament subcommittee, which is in recess until next Monday. But Bulganin did not specifically say so. He suggested the French and the Russians could meet either in Paris or Moscow.

The letter followed similar notes to Britain, Denmark, Norway and West Germany over the past two months.

Like the others, it warned of the horrors of nuclear retaliation risked by any country permitting U. S. atomic bases on its territory.

In it, Bulganin also proposed working out of a Soviet-French agreement on the exchange of information on atomic energy for peaceful purposes. He suggested additional conferences to forge closer scientific, technical and cultural relations between the two countries.

Ominous Warnings The letter mixed expressions of friendship with ominous warnings. "One hydrogen bomb can cause havoc to cast territories that tens of thousands of bombs of World War II caliber could not match," Bulganin said.

He warned that in the event of war "not a few" such hydrogen bombs would be used and could turn "vast areas into deserts."

In addition, he said, rocket weapons of colossal destructive force have already been produced and even more powerful ones are in the making.

Rossellini Brands Rumor As "Fantastic Nonsense"

BOMBAY, May 20 (AP)—Film director Roberto Rossellini tonight branded as "fantastic nonsense" a story that he plans to divorce Ingrid Bergman for love of a beautiful Bengali script writer.

New Turmoil Seen As Army Backs Cantave

PORT AU PRINCE, Haiti, May 20 (AP)—Haiti's ruling council ordered Brig. Gen. Leon Cantave ousted as army chief today but he defied the order. The army backed him up and an army takeover of the government was predicted.

Cantave announced last week he recognized the governing authority of the 7-man Emergency Council. But he refused to accept its order to turn his job over to Col. Pierre Armand, who has been chief of police.

The army numbers 2,500 men with reserves of 3,000.

The newspaper Le Jour announced "the army supports Gen. Cantave and controls the situation." It predicted a proclamation would emerge saying the army is taking over the government.

New Turmoil Certain

Troops guarded all entrances to the Presidential Palace and army headquarters.

New turmoil was certain in this Negro island republic of four million. It has been suffering from political and economic chaos the last six months.

Reliable sources said the council removed Cantave because he refused its suggestion that he use his troops to force entry yesterday into St. Marc, a rebel-held town 10 miles northwest to Port Au Prince.

Blow To Council Prestige

The rebels inflicted a damaging blow to the council's prestige by barring entry of the seven while welcoming Cantave with cries of "long live the army" and "down with the government."

There has been increasing tension between the army and the police. Armand was named police chief last February by Cantave. Cantave had ordered the army to steer a neutral course in the political situation and turned down requests that he take over control.

St. Marc remained in the hands of a "committee of public safety" while opposition intensified in northern Haiti to the council, which is running the government pending presidential elections on June 16.

Trapped Miner's Body Removed By Rescue Crew

LYKENS, Pa., May 20 (AP)—David Snyder, 34-year-old miner, was found dead tonight deep in a central Pennsylvania mine near here. He had been trapped 400 feet below the surface since Friday.

The body was found by a team of five men who had searched without break since early afternoon on Friday. Dr. Samuel E. Herrold of Lykens, a deputy coroner and one of the five, said death was caused by suffocation.

Dr. Herrold said he had not determined when Snyder had died. Snyder, the father of three children, had not been heard from since five hours after the slide which trapped him in a passage way of the South Mountain mine. Mine inspectors heard tappings from a wall until then.

Rossellini Brands Rumor As "Fantastic Nonsense"

BOMBAY, May 20 (AP)—Film director Roberto Rossellini tonight branded as "fantastic nonsense" a story that he plans to divorce Ingrid Bergman for love of a beautiful Bengali script writer.

His denial was coupled with one by Ingrid herself. In Paris, the Swedish screen and stage star said "there is no truth at all" in the report that Rossellini was living here with a married Indian woman and planned a divorce.

Talking to a reporter in a lounge of the Taj Mahal Hotel, Rossellini raised his hands in despair at the mention of divorce. "They said something like that when I came to India to make films," he declared. "What can you do about such things?" He writing.

Civil Rights Bill Survives Senate Test

Dixie Move Loses But Top Supporter Far From Hopeful

WASHINGTON, May 20 (AP)—Sen. Humphrey (D-Minn.), an outspoken supporter of civil rights legislation, said tonight Congress is not likely to enact it before this year's adjournment.

This morning the legislation made its first progress in the Senate Judiciary Committee in two months, but it remained highly uncertain when it might make more. The committee rejected on a 6-4 vote a Southern proposal to knock out key parts of the bill the administration, with some Democratic support, has been urging on Congress.

Ten members of the Judiciary Committee were on hand today to take part in the vote.

Action Is Surprise

The six-man majority was made of Sen. Kefauver (D-Tenn.) and five Republican senators: Wiley (Wis.), Watkins (Utah), Dirksen (Ill.), Butler (ND) and Hruska (Neb.).

Voting for the proposal by Sen. Ervin (D-NC), McClellan (Ark.) and Johnston (SC).

It was some sort of a surprise that the committee took any action today. This was the first voting test of strength recorded in the committee since a subcommittee approved the bill 4-2 on March 19. Ervin's proposal aimed at dropping provisions which would:

Create a special division in the Justice Department to enforce civil rights laws;

Create a special commission with power to examine complaints of violation of civil rights; and

Set up a system permitting injunction suits to protect a variety of civil rights.

If these provisions were dropped, the only thing left in the bill would be a section designed especially to protect the voting rights of Negroes.

House Action Scheduled

The House Rules Committee has a meeting set for tomorrow on clearing the bill for a vote in the House. Assuming it is cleared, a House vote could be expected by the end of this month, or early June.

Chairman Eastland said the next subject on the Senate Judiciary Committee list is the McClellan amendment to include a "right to work" amendment.

This amendment would outlaw any labor contract which requires labor union membership as a condition for getting or keeping a job.

Mollet Facing Showdown Vote

PARIS, May 20 (AP)—Premier Guy Mollet faces a showdown tomorrow in the National Assembly on his demand that Frenchmen ante up more taxes to pay the cost of fighting rebellion in Algeria.

Political sources said tonight Mollet has a fair chance to win a vote of confidence — the 34th time he has confronted Parliament on such a ballot in the 16 months he has held office. No other postwar premier has held on that long.

Mollet's fate rests in the hands of Independent Republicans led by former Premier Antoine Pinay and Roger Duchet. If they abstain, Mollet will squeeze through. If they cast their 100 or so votes against him, he will be beaten and the country will be thrown into political turmoil.

The Independent Republicans support Mollet on foreign issues but oppose him on domestic fiscal matters.

USAF Plane Crashes In Germany, Killing 4

RAMSTEIN, Germany May 20 (AP)—The 12th U. S. Air Force announced tonight one of its planes crashed in the Black Forest today, killing three airmen and an Army officer.

The light ship—a de Havilland Beaver—was flying a training mission from its base at Chaumont, France.

An air rescue unit dropped Medical Corps men to the site by parachute.

Names of the victims were withheld by military authorities pending notification of their families.

Flood-Soaked Oklahoma Town

Bixby, Okla., a town of 2,300 located 20 miles south of Tulsa, bore the brunt of the Arkansas River's greatest flood in 34 years. Unprotected by high levees, a third of it was inundated with damage to an estimated 800 homes. Upstream Tulsa escaped major damage as the river crested lower there than expected but Bixby water was higher than the June, 1923, record. (AP Photofax)

Tornado Kills 16, Injures 100 At Kansas City

KANSAS CITY, May 20 (AP)—A tornado struck metropolitan Kansas City at dusk tonight, smashing two suburban shopping centers. At least 16 were dead and more than 100 injured.

The massive storm at first aimed its destructive funnel squarely at Kansas City itself but veered southeast at the outskirts. The Ruskin Heights shopping center was ripped apart, a new high school was torn open and a large number of residences destroyed or damaged.

The Martin City business district, also south of the city, was destroyed. Many were injured there.

What was believed to be the same twister killed a woman near Ottawa, Kan., about 60 miles southwest of Kansas City and roared on, dipping its angry funnel to the ground at many spots, tearing apart farm houses and barns.

The Martin City storm raced on to the northeast and smashed into Ruskin Heights.

Its progress was followed by the Weather Bureau on radar, and numerous warnings carried by radio and television stations alerted the metropolitan area.

Power Lines Down

The storm blacked out the stricken zone. Power lines were downed and roads blocked by debris.

Emergency treatment centers were set up in the Ruskin Heights area. Volunteer nurses, doctors and rescue units moved in quickly.

Police said their biggest problem was the swarm of sightseers who blocked passage of ambulances and cars trying to take the injured to hospitals in the city.

The only lights available for the search were from motor cars, flashlights and emergency flares. Officers tramped through the area warning everyone against the danger of escaping gas and live wires.

Teamsters' Boss Loses Council Seat

Union Reportedly Taking Measures To Oust President

WASHINGTON, May 20 (AP)—Fellow union chiefs today found Dave Beck guilty of "gross misuse of union funds entrusted to his care" and virtually read him out of the labor movement.

The AFL-CIO Executive Council, organized labor's highest tribunal, removed Beck permanently as an AFL-CIO vice president and council member on charges leveled by the Senate Rackets Investigating Committee.

For the pudgy, 62-year-old Beck the unanimous action was a heavy blow. His own Teamsters Union is reported taking steps to oust him as president, even though these moves are slow in taking shape.

Chairman McClellan (D-Ark.) of the Senate committee applauded Beck's ouster as "more than justified" and said "all good union people and good citizens everywhere will heartily approve."

Mundt's Reaction

Sen. Mundt (R-SD), another committee member, said he hoped the AFL-CIO "will now follow through by helping us enact legislation to prevent the recurrence of this type of situation."

The AFL-CIO Council acted on the Senate committee's charges that Beck had used more than \$320,000 in union funds to advance his personal fortunes and then refused to tell about it, invoking the Fifth Amendment more than 200 times, when questioned by Senate investigators.

Beck, claiming the AFL-CIO proceedings against him were illegal, also refused this morning to answer queries on the Senate charges put by his fellow AFL-CIO union chieftains.

The Council acted swiftly and unanimously against Beck after he fled to the basement of the AFL-CIO headquarters and sped away in an automobile to avoid facing newsmen and photographers.

Meany Meets Newsmen

George Meany, AFL-CIO president who had taken a stern stand against Beck from the outset of the Senate committee disclosures, met with newsmen shortly thereafter. He said:

"The Executive Council finds that Vice President Beck has been guilty of gross misuse of union funds entrusted to his care."

"Whether he has violated any laws, state or federal, dealing with theft, misappropriation or embezzlement, is not for us to consider or determine."

"There is not the faintest question in our minds, however, that he is completely guilty of violating the basic trade union law that union funds are a sacred trust, belonging to the members and to be protected and safeguarded for the interests of the members."

"Whether Beck stole the funds or borrowed them, the record shows he took advantage of his position as a trade union official to use money belonging to dues-paying members for his own personal gain and profit."

Jail Escapee Shot To Death

KANSAS CITY, May 20 (INS)—Robert Polk, 25, one of the five prisoners who broke out of the Jackson County, Mo., jail in Kansas City yesterday, was shot and killed this afternoon by police.

Police first identified the victim as Emanuel Andrews, 28-year-old leader of the escapees, who, however, is still at large. Andrews faces a 20-year term in the Missouri penitentiary for robbery.

Polk was killed in a gun battle with police in a small eastside hotel. A policeman was wounded in the hand during the exchange.

Polk's death leaves only the leader, Andrews, at liberty. Two of the escapees were recaptured yesterday shortly after their bold breakout, and a third was taken this morning in Kansas City. Those three did not resist.

Light Turnout Seen For Pa. Primary

PHILADELPHIA, May 20 (AP)—A light turnout of voters is expected tomorrow for Pennsylvania's primary election highlighted by a few local issues.

There are no statewide contests, but thousands of city, county, borough, township and school district officials will be nominated for the general election on Nov. 5.

22 Grads, All Catholics, Barred From Exercises

MOONSVILLE, W. Va., May 20 (AP)—Twenty-two members of the graduating class of Moonsville High School have been barred from taking part in tonight's commencement because "religious convictions" kept them from baccalaureate services last night.

The seniors, all Catholics, were told they could not participate because their religious convictions would not allow them to attend the baccalaureate sermon at the Simpson Methodist Church here last night.

Marshall County School Supt. Louis R. Potts who issued the order, said:

"The Board of Education has had a rule and regulation for at least 25 years requiring all members of graduating classes of Moonsville High School to attend both the baccalaureate and com-

mencement exercises in order to receive high school diplomas and complete their educational requirements.

"The principal, L. D. Wiant and his staff are enforcing that requirement as far as I know."

Wiant said that the barred students would be permitted to graduate but that they would not be given their diplomas during the commencement exercise in Moonsville Fieldhouse.

Commencement tickets were given to the 22 students who will be permitted to attend but they will not be allowed to participate in the exercises.

The Catholic students were forbidden to attend last night's service by their parish priest, Rev. B. F. Farrell, who said the baccalaureate sermon is "the violation of the right of free exercise of religion."

CAB Official Again Denies Leaking Data

WASHINGTON, May 20 (AP)—Raymond Sawyer, a Civil Aeronautics Board official, denied again today that he had leaked secret information about the award of a profitable airline route.

Sawyer acknowledged he now is "less positive" about the accuracy of some testimony he gave on May 2 in efforts to clear himself of suspicion. He accused the Senate Investigations subcommittee of having unfairly "trapped" him at the May 2 hearing.

And Laurance Henderson, Washington representative of an airline firm, testified "I'm not certain in my own mind" whether Sawyer ever did leak the secret to him. Henderson said he "can only conclude" that if he is wrong in his best recollection that no one

Seven Students Rescued From Virginia Cave

ROANOKE, Va., May 20 (AP)—Seven Roanoke College students, one a coed, were rescued early today from a Bath County cave that kept them prisoner overnight.

They were trapped when a heavy rainstorm heaped debris on a steel grate leading to the mouth of the cave. Water flooded onto the entranceway. The water and debris prevented the amateur explorers, on a hunt for Indian relics, from escaping.

First clue college officials had that something was amiss came late last night when a house mother notified D. M. Sutton, director of student activities, that the coed, Susan T. Coit, 18, of Alexandria, had not signed in.

Sutton subsequently picked up a rumor from other students that the girl and six men might have headed for Porters Cave. Rescuers converged on the remote spot and more than an hour after starting work broke through.

They found the students had taken shelter and were in good condition. They had been trapped for some 10 hours.

The other students were identified as Harry B. Clegg, 18, Philadelphia; John M. Disler, 20, Arlington; Bruce Fariss, 22, Allisonia; Larry G. Johnson, 22, Portsmouth; Richard J. Seed, 21, Philadelphia and Matthew Sinonovich, 20, Cliffside Park, N. J.

Father Of Three Confesses Sex Slaying Of Child

BRISTOL, Conn., May 20 (AP)—A good-looking, slightly-built sex offender confessed today to the week-old slaying of blonde third-grader Brenda Jane Doucette.

George J. Davies, 38, of nearby Thomaston, was unshaven and his striped shirt hung out of his baggy pants as he led police to a culvert where they found the girl's dinner pail, and another culvert where they found the screwdriver he said he used to stab her 22 times.

Davies, a father of three, was divorced by his wife in 1953, while he was serving a prison term for molesting two little girls. He lived with his parents, and police said he hadn't been employed for months. He was held on a coroner's warrant.

Police said he confessed to seizing the girl on her way to school, driving her to a secluded spot and attempting to attack her sexually.

Police Capture Accused Rapist

BALTIMORE, May 20 (AP)—George R. Hook, 26, today awaited return to Pennsylvania to face charges of assaulting 17-year-old Donna Leppo of Glen Rock, Pa.

The Shrewsbury, Pa. man was nabbed by police today after a hectic car chase in which pursuing officers fired two pistol shots. At an appearance before Circuit Judge Joseph Carter, Hook signed papers waiving extradition to Pennsylvania authorities.

He is wanted there on a charge of aggravated assault on Miss Leppo, who told police she was raped, stabbed and nearly burned to death last Thursday in an isolated cabin.

Hook was spotted in an auto by Baltimore County police about 2 a.m. this morning. They chased the vehicle into Baltimore City and converging patrol car tried to close in on it.

However, Hook eluded the officers and later was picked up as he crouched behind a pile of concrete blocks near some railroad tracks.

Police said his car contained several boxes of rifle and shotgun shells, a bolt from a .22 caliber rifle, a hunting knife and a woman's slip.

False Arrest Damage Suit Trial Begins

BALTIMORE, May 20 (AP)—Ensign Donald W. Johnston, a student pilot at Pensacola, today went on trial in Federal Court as the defendant in a \$30,000 damage suit charging him with causing false arrest of a motorist two years ago.

Harry Kahan of (2615 East-West Highway) Silver Spring, Md., charges he was unjustly arrested on a reckless driving charge in December, 1955, on the complaint of Johnston, then a midshipman at the U.S. Naval Academy in Annapolis.

Ensign Johnston, the plaintiff contends, was in charge of a column of midshipmen returned to the Naval Academy from Church services in Annapolis when a speeding car narrowly missed hitting the marching men.

Johnston mentally recorded the license number, reported to his superior officer and Kahan was arrested several days later, the jury was told. Charges against Kahan subsequently were dismissed at a hearing in Annapolis Magistrate's Court.

In his opening defense statement U. S. Atty. Leon H. Pearson, said he would show Johnston had "probable cause" for reporting the license number and was acting under orders of his superiors.

At no time, Pearson said, did Ensign Johnston identify Kahan as the driver of the car.

Counsel for Kahan said his client was in Silver Spring at the time of the incident and that the car bearing the license number reported by Johnston was sold by Kahan the same day.

Annapolis Votes Today

ANNAPOLIS, May 20 (AP)—Voters will choose between Democratic incumbent Mayor Arthur G. Elington and Republican Samuel Schenker in tomorrow's municipal election.

Five councilmen from the city's eight wards also will be elected. Three others have no opposition.

Lewis To Receive First Honorary Degree At WVU

MORGANTOWN, W. Va., May 20 (AP)—John L. Lewis, tough bargainer for the nation's coal miners who also is a master of the polished phrase, will receive an honorary degree from West Virginia University.

The 78-year-old shaggy haired United Mine Workers president will be among five dignitaries receiving the degrees June 3, the university announced today.

It will be the first university degree Lewis has ever received.

Lewis received little formal schooling but was tutored at home by the late Mrs. Lewis. More than once the gruff-voiced Lewis has called on his command of Shakespeare while illustrating some point in defense of UMW demands on the coal industry.

D'Alesandro Lists Accomplishments

BALTIMORE, May 20 (AP)—Mayor Thomas D'Alesandro Jr. tonight ticked off the accomplishments of his administration on the tenth anniversary of heading the nation's sixth largest city.

He listed a host of public works projects that had been accomplished during his tenure, in a prepared televised speech (WMAR-TV). And he pointed out at the same time that when he took office in 1947 the property tax rate was \$2.96 compared with today's \$2.88.

However, the reduction for home owners came at the expense of city's recent repeal of a manufacturers tax exemption.

As for his own personal future, the man who has never lost a race for public office didn't give an inkling whether he would seek a statewide office in next year's elections.

He has been mentioned as a possible candidate for the Democratic gubernatorial nomination.

Farmer Reports Pigs Shot, Stolen

GLEN BURNIE, Md., May 20 (AP)—Thomas Latham, Millersville pig farmer, told Anne Arundel County police today someone has been shooting and stealing his hogs.

Latham said he found an empty .22 caliber shell and some strange feed bags in the pens last Thursday. Yesterday, he found two 50-70-pound hogs which had been shot down. Police had no clues but recalled several years ago a hog thief operating in the county, shot and slaughtered hogs on the owners' property, then hauled the meat away.

Shaky Italian Cabinet Sworn In By Gronchi

ROME, May 20 (AP)—A new one-party Italian government was sworn into office tonight by President Giovanni Gronchi. How long it would last was anybody's guess and a popular guess was "not long."

In an impressive ceremony at the Quirinale Palace, courtly 69-year-old Adone Zoli, the new premier, presented his 20 ministers from the Christian Democrat party. Gronchi shook hands with each then read out the oath of office.

The next step is for Zoli to get the Cabinet approved by Parliament. The Christian Democrats, although Italy's strongest party, have only 262 of the 590 seats in Parliament.

The largest seeds are those of the double coconut. They hit about 40 pounds.

Cadillac

Friendly Welcome For a Total Stranger!

He's a "stranger in these parts"—just passing through on his way to some distant destination. But you wouldn't know it to look at the wonderful welcome he receives as he brings his car to a silken stop and his day's travels to an end.

For high on the hood of his motor car rides the beautiful crest of Cadillac—and hospitality just seems to follow a new Cadillac wherever it goes.

No man, you see, is ever without standing when he is in command of the "car of cars".

For it is a recognized fact that Cadillac owners—representing though they do such varying fields of endeavor and such widely separated parts of our world—also have a great deal in common.

Invariably they are people of marked personal achievement—who have won for themselves a considerable measure of respect and recognition.

In brief, the driver's seat of the Cadillac car is the traditional dwelling place of the world's leading citizens. And people everywhere have found it safe to assume that whomsoever they behold at the wheel is a worthy member of this great and distinguished company.

Of course, this is but one of the satisfactions of Cadillac ownership... in addition to inspiring beauty, luxurious Fleetwood coachcraft, superlative performance and extraordinary value.

Have you as yet taken the wheel of a new 1957 Cadillac? If not, then you should visit your Cadillac dealer and spend an hour on the highway.

He'll be waiting for you with a "friendly welcome" of his own!

Rev. Eugene C. Woodward, pastor of North Avenue Methodist Church, Baltimore, who has been named by Bishop G. Bromley Oxnam of the Washington Episcopal area to become superintendent of the Hagerstown district comprising Allegany, Washington and Garrett counties, will probably not be able to serve.

Methodist ministers in this area report that Rev. Woodward suffered a heart attack several weeks ago. He had been scheduled to assume his new duties June 1.

Reports in Methodist circles here are that a meeting will be held soon in Baltimore of top church officials to discuss the matter.

Rev. Woodward was named to take the place of Rev. Dr. Harry Marsh, Hagerstown, who is retiring after 45 years in the ministry.

The Hagerstown district includes approximately 100 Methodist churches in the three counties in Western Maryland and Berkeley and Morgan counties in West Virginia.

Rev. Woodward has served the 1,000 members of North Avenue Methodist Church in Baltimore since 1952. His previous pastorates included First Methodist Church in Westminster (1947-1952); Trinity Methodist Church in Baltimore (1945-1947) and Lauraville Methodist Church in Baltimore (1936-1945).

A native of Baltimore, Rev. Woodward, 49, is a graduate of Western Maryland College, which awarded him an honorary degree in 1954, and Westminster Theological Seminary. He was elected to the board of trustees of Western Maryland College last year.

Dr. Marsh, the outgoing district superintendent, has the distinction of having twice been appointed a district superintendent. In addition to his last six years on the Hagerstown District, he served from 1933 through 1936 on the Moorefield District in Virginia.

Dr. Marsh's pastorates between these two appointments to districts were at Brookland Methodist Church (1947-1950), St. Paul's Methodist Church in Hagerstown (1941-1946) and Trinity Methodist Church in Martinsburg, W. Va., (1937-1941).

Trucker Pinned In Wreckage

A 23-year-old Stephens, Va., trucker narrowly escaped death early yesterday when he was pinned in his tractor-trailer near Romney.

Admitted to Potomac Valley Hospital, Keyser, was Keven W. Omph. He is reported in "fair" condition.

Trooper W. F. Bowley of the West Virginia State Police in Romney said Omphs was pinned in his rig for more than an hour and half after he crashed along U. S. Route 50, two miles west of Romney.

Trooper Bowley said the man was traveling west on the highway when he failed to make a slight right turn, smashed through the guard rails and jackknifed into Mill Run.

The state trooper and members of the Romney Volunteer Fire Company worked almost two hours before cutting the man from the rig.

Police said the rig was loaded with rock dirt.

William Leeson Heads Allegany Co. Bird Club

Allegany County Bird Club members elected officers and discussed the program at the meeting Saturday evening at the home of Mr. and Mrs. Gilbert Miller, Spring Gap. Richard Douglass presided.

William Leeson, science instructor of Fort Hill High School was elected president; H. C. Heineman, Cresaptown, vice president; Miss Charlotte Richardson, Frostburg, re-elected secretary; and Daniel Foulk, Grantsville, treasurer, representing various sections of the county.

Plans were formulated for an all day trip to Blackwater Falls May 25. The group will leave from the Cumberland Free Public Library at 8 a. m.

The club received an invitation from the Blacksburg, W. Va. Club to attend the "Annual Foray" of the West Virginia Ornithological Club, which will be June 8-9 at Cacapon State Park near Berkeley Springs.

Informal reports of the Ocean City trip were given by Mr. and Mrs. Douglass, Mr. and Mrs. Miller, Mr. and Mrs. John Workmaster, Mr. and Mrs. Heineman, Mr. Leeson, Gilbert B. Miller and Harry Miller. Mrs. Douglass reported of the 29 members, 20 were present at the meeting.

The club will be hosts for the adult state organization at a weekend camp, June 14, 15, 16 at Pleasant Valley, Garrett County.

Mrs. Miller, Mrs. Douglass and Mrs. Gordon Taylor were appointed a committee to arrange the 10th anniversary celebration for camp June 19. Junior camp will be held June 17-22. Reservations are to be made with Mrs.

District Nurses To Meet

The annual dinner meeting of District 1, Maryland State Nurses Association will be held tomorrow at the Cumberland Country Club, beginning at 6:30.

A report on the third biennial convention of the National League for Nursing, in Chicago, earlier in the month, will be given by Miss Christine J. Williams, district president and delegate from Allegany and Garrett counties. Miss Carole Shuck, Memorial Hospital student, who was sponsored to the convention by the district; Miss Ann Price and Miss Rebecca White, first and second year students, will all give their reports.

There also will be a report on the Economic Security program for state nurses.

Reservations are to be made through Mrs. Grace Fox Moore, PA 4-9731 from 7 until 3, or PA 2-6972 after 4 p. m.

Humbird PTA Elects Mrs. King

Officers and delegates were elected at the meeting of the John Humbird PTA Thursday evening at the school. William Taylor presided at the business session. Miss Sara Wright, principal, officiated at the installation ceremony.

Mrs. Wilbur King was inducted as president; Mrs. Vernon Stult, vice president; Mrs. Danie Boone, recording secretary; Mrs. Leo Rhodes, corresponding secretary and David Smith, treasurer. Mrs. King and Mrs. George Barnstricker were named delegates to PT Summer Conference.

A president's pin was presented to Mr. Taylor in recognition of his services. The association also voted to honor Holly Scott, custodian of the school for the past nine years, upon his retirement at the close of the school year.

The \$3 attendance award was won by Miss Frances Crist's sixth grade. It will be used for a conservation trip arranged by William Bodkin, forester; William Johnson, district soil conservation and John Hartman, forest worker. It will be to the Irons Mountain and Flintstone area, May 27, as part of the class' social studies, which is devoted to the United States, with emphasis on the Eastern section.

For the program a talk and moving picture on "Safety" was given by Stephen Wanless, of the Baltimore and Ohio police force. Miss Robertine Boyle, third grade teacher sang, "True Love" accompanied at the piano by Mrs. Ruth Wolford, first grade teacher. An informal social hour followed with refreshments served by the mothers of Mrs. Ruth Wolford's first grade; Mrs. William Snyder's first grade and Miss Gladys Judy's second grade. Flowers were used in the decorations of the table and auditorium. Room visitation preceded the meeting.

Post Approved As Head Of Sewage Plant

A two-year contract naming Thomas S. Post, 72, as superintendent of the new \$2,000,000 sewage treatment plant was approved by the Mayor and Council yesterday. Post, a former mayor, will receive \$4,800 annually.

The effective and termination dates were left blank in the contract. Street Commissioner William H. Buchholz, under whose department jurisdiction over the plant comes, said the dates will hinge upon the time Post's job out Register would be here this week to check over final details and an exact date cannot be set until after that.

Regester, in a telegram, had urged appointment of a superintendent because he must train him.

Finance Commissioner John J. Long asked if the plant would be in operation June 1 and Buchholz replied it would be as near plant comes, said the dates will

Eviction Ultimatum Not Issued

The Housing Authority of Cumberland has not issued an eviction "ultimatum" to residents of Grape Alley but is urging them to continue a search for another place to live.

City Attorney Thomas B. Finan said he had contacted the Authority after residents there told the Mayor and Council last week that they had 30 days to move to make way for a third low-rent housing project.

Finan said he had been given to understand that no other notice than that given several months ago had been issued by the Authority. The residents apparently got the idea they had to move in 30 days during discussions with a Housing Authority agent who collects rents, he added.

"No 30-day ultimatum was intended," Finan said he understood, but added while he could get no definite commitment as to when the Authority will need the properties, residents are being urged to continue looking for other quarters.

Council also received recommendations from the Civil Service

Commission regarding charter changes which would reduce the high school education requirements for police and firemen from two years to one; and require the city to pay the \$2 physical examination fee at present paid by the applicant. It also would reduce the height requirement for police from 5 feet 10 inches to 5 feet 9 inches.

Finan suggested that perhaps the fee should be increased and a more thorough physical examination given. Action on the suggestions was delayed, however, until the return of Commissioner William V. Keegan.

Council accepted the resignation of Donald L. Buser from the police force, effective June 1. Buser said from the financial viewpoint he was forced to return to the B&O Railroad.

The C&P Telephone Company, through its attorney, William R. Carscaden, asked that Somerville Avenue, between Fourth and Quebec streets in Southview Addition, be closed since it intends to erect a large building there. The company said it would stand

all costs of the closing. The matter was referred to Finan. Street Commissioner William H. Buchholz, city engineer Charles R. Nuzum and fire chief Virgil A. Parker for report.

One bid was received for constructing concrete sidewalks on Massachusetts Avenue. It was for \$4,000 and came from John S. Cook and Son, this city. The bid was referred to Buchholz, Finan and Nuzum for report.

Injured Youth Listed 'Fair' At Grafton

Charles Baumgardner, 16, who was seriously injured when his father's sports car crashed into a tractor-trailer on Sunday near Fellowsville, W. Va., has been taken from an oxygen tent but is still listed as in "fair" condition at Grafton, W. Va., City Hospital.

The father, Lester Baumgardner, 47, of Huntington, W. Va., was killed in the crash of his vehicle and the tractor-trailer on U. S. Route 50, about two miles east of Fellowsville.

Preston County Prosecutor J. T. Dailey said the fatality occurred on a curve in the highway as the Baumgardners were going west en route to Huntington after attending the sports car races Sunday at Cumberland. They were riding in a 1957-model Jaguar.

The prosecutor related that the Baumgardners' vehicle apparently crossed onto the wrong side of the road, hit the left front wheel of the big truck and then smashed on beneath the trailer.

Young Charles was taken to the Grafton City Hospital with chest injuries, left arm fracture, and fractures of several bones in his face.

Men's Club Is Formed At Citadel

Softball Teams Are Organized

The organization of the Men's Fellowship Club of the Salvation Army Citadel was announced yesterday by Capt. Daniel Biggs, commander.

The first official meeting of the new organization will be held today at 7:30 p. m. in the basement of the Citadel.

Capt. Biggs said about a dozen men have indicated interest in the club and that permanent officers will be elected in a few weeks.

Similar clubs are being sponsored by the Salvation Army throughout the country, he said, to boost the participation of men in the Army's program.

The Men's Fellowship Club, he said, is expected to adopt a program stressing fellowship and community or Salvation Army service.

Red Shield Boys Clubs at the Citadel and the South Cumberland Corps have organized softball teams.

George Agers will serve as coach for the teams at both corps, Capt. Biggs said.

The teams are practicing on Tuesday and Thursday afternoons and will play in a proposed church softball league.

Outstanding Layman

Allan P. Miller, of Luke, a member of St. Peter's Catholic Church in Westernport, was chosen the outstanding Catholic layman of Western Maryland during a Communion breakfast Sunday morning of Men Of LaSalle at the social center of St. Patrick's Church here. A past grand knight of Piedmont Council 685, Knights of Columbus, he is vice president of the Western Maryland Section of the Holy Name Society and president of the St. Peter's parish branch of the society. He is the father of eight children.

Three Youths Are Jailed In Hubcaps Theft

The large number of complaints of the theft of automobile accessories from cars in Cumberland is becoming a problem and local police are taking steps to break it up.

Yesterday afternoon three local youths drew sentences of five days in Allegany County Jail and were fined \$10 each on charges of larceny of four hubcaps from a car which was parked on North Lee Street May 7.

Sentenced and fined by Trial Magistrate Donald W. Mason were James G. Honeycutt, 20, of 508 Hill Street, DeWarren H. O'Neal Jr., 18, of 212 Reynolds Street, and Charles L. Hardinger, 16, of 447 Willowbrook Road.

Juvenile Court waived jurisdiction over the 16-year-old boy. The trio waived trial by jury and pleaded guilty to the theft of four hubcaps, valued at \$60.

City Police Detective James E. Van said the hubcaps were taken from a car owned by James Jones, 741 Maryland Avenue. This while it was parked on North Lee Street. An old model car with three young men in it was reported to have pulled away from the curb at the scene of the larceny.

Lt. Van and Thomas J. See located the hubcaps partially covered in a wooded area about half a mile off Winchester Road. Authorities were taken to where the hubcaps were hidden by the trio, who admitted taking them.

In view of too much "juvenile vandalism" in Cumberland, Magistrate Mason sentenced and fined the trio as a warning to future offenders. Lt. Van said that last month some 33 complaints of thefts of auto accessories were received by local police.

The trio was taken into custody early yesterday afternoon and taken to Trial Magistrate's Court.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, May 20 (INS)—German actress Marie Schell, who hurriedly left her honeymoon castle to step into Carrol Baker's shoes in "The Brothers Karamazov," was a happy girl when she was told that her husband of a month, director Horst Horne, arrives here June 1 to direct at U. I.

Maria says the longest and most exciting day of her life was when she flew in 19 hours of daylight over the Pole to get to her Hollywood assignment.

She's already house hunting in Hollywood, even though the day she finishes "Karamazov" she has to fly to France for "Un Vie," the De Maupassant story for which she was signed before she received this golden opportunity.

Doesn't seem possible that it's 26 years since the aerial queen, Lillian Leitzel, was killed in a fall from a trapeze in Copenhagen. Her husband, Alfred Cadore, of the famous Flying Cadones, committed suicide after her death.

Ross Hunter has bought the rights to Queen Lillian's life and has turned it over to Robert Lewis Taylor for scripting. This is interesting because it was Taylor who wrote the circus stories for W. C. Fields.

Ross is going to have himself a time finding a girl to play Lillian, who was 4 feet 9 inches tall and weighed 95 pounds.

Interesting is the series about the fabulous Jock Whitney in a current magazine. I remember so well when our new ambassador to the Court of St. James took a party of us to Mexico City for the preview of "Pot of Gold."

The picture was made by James Roosevelt and financed by Jock, but among the missing was producer Roosevelt, whose father was then President of the U.S.A. The Mexican government was a little upset about Roosevelt's absence, and if it had not been for Jock's hard work our presentation to the President of Mexico would have been called off.

Little did anybody know then that Jock one day would marry Jimmy's ex-wife, the lovely Betsy Cushing, who was F.D.R.'s favorite daughter-in-law.

Every day now, Mrs. Rock Hudson goes out for a little drive, and Henry Ginsberg, Rock's partner in the 20th Century-Fox independent deal and one of the few to talk to her, says her improvement from hepatitis is extraordinary.

Phyllis will join Rock as soon as he finishes "A Farewell to Arms," and I hear the picture is going very well. Together they will take a vacation in Majorca. I can tell them it's a heavenly spot, so restful and beautiful. Rock, too, probably will be ready for the old rocking chair when he finishes the Selznick film.

Snapshots of Hollywood collected at random:

Talk is that when Gary Crosby completes his Army service in Germany he'll sign a contract at Paramount where Bing made most of his pictures.

In answer to Linda Christian's mother's statement that she had gone to Mexico City to reconcile with Tyrone Power, he stated she came to see the children and not him.

Jane Withers (Mrs. Ken Errair) is expecting her baby almost any day.

Lily Pons goes to her home in Palm Springs in another few weeks to finish her biography.

Yes, Palm Springs is still going strong in spite of the heat.

Everytime Mary Anderson, ace cameraman Leon Shamroy's wife, goes to New York she's called back. She's just returned to play one of the leads in "Hand of Evil," the May 23 climax show.

Jeff Hunter and his fiancée, Dusty Bartlett, weekendend at Balboa as the guest of Director and Mrs. Robert Webb on their boat.

Love and kisses to Jimmy Gleason on his 75th birthday May 23. Last year President Eisenhower sent him a special birthday letter.

That's all today. See you tomorrow!

Blow To Frenchmen
PARIS, May 20 (AP)—Red wine—without which a Frenchman could hardly eat a meal — goes up in price tomorrow. The boost is one reflection of the serious inflationary crisis in France.

The wholesale price will go up one or two francs a liter, depending on alcoholic content. That is roughly a fourth to a half a cent an approximately a quart. Retailers will pass the boost along to customers.

Radcliff Pleads Guilty To Burglary
William F. Radcliff, 33, of this city, yesterday pleaded guilty to a charge of burglarizing the wholesale auto parts establishment of R. W. Norris and Son, 100 Wineow Street, on May 9.

Associate Judge Morgan C. Harris, who received the plea in Allegany County Circuit Court, deferred sentencing Radcliff until after he gets a report from David M. Steele, probation and parole officer.

Events moved quickly in the Radcliff case since May 13 when he was jailed in default of \$1,000 bond pending action of the October grand jury. Two days later, through his attorney, William H. Geppert, he petitioned for an immediate trial, waiving his right to indictment by the grand jury. Last Friday State's Attorney Paul M. Fletcher filed the necessary criminal information upon which he was tried yesterday.

Originally police accused Radcliff of stealing \$151.18 from the Norris establishment but the information listed only \$90. Assistant State's Attorney James S. Getty represented the state at yesterday's hearing.

CONSTIPATED?
new laxative discovery
un-locks bowel blocks
without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. First, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

AND, OF ALL LAXATIVES, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturizing capacity plus COLONOID's stretch-stimulating bulk that activates normal colonic reflexes. So effective that it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

SUPERIOR TO OLD STYLE bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

IT'S A PHYSIOLOGICAL FACT: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONOID, in easy-to-take tablet form at any drug counter, today! The price, only 98c for the economical 60 tablet package, brings you positive relief at less than 2c per tablet.

OAKLAND MEN NOW IN NAVY—Two young men of Oakland have completed nine weeks of recruit training at the United States Naval Training Center, Bainbridge. Robert Lee Montgomery, left, nephew of Mr. and Mrs. Erval W. Ream, will report to Bainbridge for duty while William M. Moore, right, son of Mr. and Mrs. John W. Moore, will report to Norman, Okla. for Airman Fundamental School. Montgomery graduated from Valley High School, in Lonaconing and enlisted at Oakland. Moore graduated from Southern High School and also enlisted in Oakland for a period of four years.

Hardy County Voters Defeat School Levy

Fails To Reach 60% Majority

MOOREFIELD, W. Va. — The special election for an additional levy for school purposes failed to carry by the necessary 60 percent majority Friday although the returns showed 1188 voting 'For' and 1160 'Against'. The vote was favorable in Moorefield and South Fork districts but lost heavily in Capon and Lost River districts.

Complete returns for the sixteen precincts were Wardsville No. 1 22 For, 90 Against, Wardsville No. 2 111 to 227, Arkansas 75 to 102, Miller's School house 23 to 83, Lost City 39 to 53, Mathias 65 to 115, Lowery 41 to 91, Vaughn 17 to 97, Court House 167 to 28, Fire Hall 155 to 23, Liberty 126 to 30, Sniders Store 64 to 61, Old Fields 67 to 22, Toll Gate 93 to 34, Keller's Store 94 to 42 and Peru 29 to 42.

The Board of Education were seeking to raise a total of \$41,283 by the special levy, \$29,284 from property taxes and \$12,000 from utility taxes. The additional revenue was to be used for building repairs and improvements, textbooks for elementary school children and small salary increases for bus drivers, janitors and teachers not to exceed \$15 per month.

School officials admitted that the school program would be curtailed for next year with little or no funds for building improvements or repairs, that salary increases were unlikely and that parents would probably have to buy textbooks for the elementary school children.

George Speis Is Re-Elected To Head VFW

District Conclave Ends At Frostburg

FROSTBURG — George Speis, Cumberland, was re-elected commander of District 3, V.F.W. at the district encampment held here Friday, Saturday and Sunday. Leroy Kerns, Hagerstown, was named senior vice commander, James O. Spiker, Jr., junior vice commander; Donald Rice, Cumberland, quartermaster; Calvin James, Lonaconing, judge advocate; Carl Neder, Mt. Savage, chaplain; Alex Knode, Hagerstown, district surgeon and Alex Gardner, Lonaconing, was elected three-year trustee.

William Preston, past district commander, was installing officer, and inducted the newly elected officers into their respective positions.

Delegates from Hagerstown, Cumberland, Lonaconing, Mount Savage and Frostburg were welcomed to the encampment by Commander Curtis Green of John R. Fairgrieve Post No. 2462, Veterans of Foreign Wars, the host club. District chaplain, Charles Agnew, of Baltimore spoke briefly when presented.

During the business meeting on Sunday afternoon, Commander Green received a personal citation from Department Commander McAvoy of Baltimore, for increasing the membership of the local post by over ten per cent since being inducted into office. The post was also given a citation by the department commander for its outstanding community service projects.

Huge Canaan Valley Tract Left To State

CHARLESTON, W. Va. (AP) — Mrs. Sarah Maude Kaemmerling, 83, who died March 28 in Philadelphia, bequeathed 3,149 acres of land in scenic Canaan Valley, Tucker County, to the State.

Mrs. Kaemmerling was the widow of Rear Adm. Gustave K. Kaemmerling, an aide to Commodore George Dewey at Manila Bay, during the Spanish-American War. She left an estate estimated at upward of \$250,000. The acreage left to the State was stipulated for use for purposes West Virginia "may deem best for the general welfare of its citizens."

Conservation Director Carl J. Johnson said the tract is in the central part of Canaan Valley, bordering W. Va. 32 and running west to the top of Canaan Mountain.

He said his department was interested in developing the area from a hunting, fishing and tourist standpoint. He said the land contains "probably the best stands of balsam fir in the state."

Part of the land borders W. Va. 43 on the west. It is located near ski areas in Tucker County which have proved popular with winter sports enthusiasts.

Concentrate on volume, pitch and tone to give your voice "listen-ability."

Secrets Of Charm

by John Robert Powers

Be Easy To Listen To

The voice that is pure pleasure to listen to has what I call "listen-ability"—a combination of qualities every woman should seek. Its tone is rich, its pitch even, its volume full.

Virtually every feminine voice can be improved by an increase in volume. The loud voice is seldom offensive because you hear it so resoundingly, but rather because it is harsh, you will avoid harshness, but gain conviction, if you increase your volume.

Right Pitch

While increasing your volume, listen to your pitch. Be sure to keep it even, as evenness prevents harshness. Also try to talk no more than one breath for each line or between commas, to prevent breathiness.

Sit or stand in your best posture; take a deep breath and say "ah" at your ordinary pitch. Now say "ah" (after another deep breath) at a slightly higher pitch. Did it feel easier to say? Was it more, or less, comfortable?

Repeat "ah" on your original pitch, and compare the ease with which the two sounds came out. Now say "ah" on a lower pitch.

Ellerslie Personals

Mr. and Mrs. Carl Myers of Ellerslie and Miss Ann Dorsey, Mt. Savage visited Mr. and Mrs. Keith Myers in Farmington, W. Va. Sunday. Mrs. Grace Myers returned with them for a visit.

Shaft Homemakers Club Plans Demonstration

FROSTBURG—The Shaft Homemakers Club was entertained at the home of Mrs. Charles Harvey recently, with Mrs. Bruce Howsare acting as co-hostess.

Mrs. Henry Rank read the history and the background of the Homemakers hymn of the month "Fair Lord Jesus" and each member present answered the roll call by telling of an older woman whom she admired.

The chairman announced that all members were invited to attend a tea to be given at the Civic Club House in Cumberland on June 4. Mrs. Charles Harvey and Mrs. George Wade gave their report on their preparations for the Cumberland Fair. They stated that the club will feature a demonstration at the fair this year.

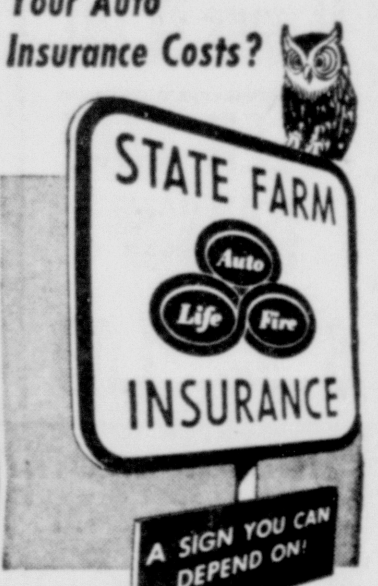

Mrs. Wade also gave a report on the chair caning demonstration which she attended at the court house recently.

Mrs. Raymond Layman spoke on "Growing Older Graciously" and Mrs. Henry Rank gave several readings. Mrs. Bruce Howsare read the homemakers' "Quotation of the Month."

The club attended the Shaft Methodist Church in a body Sunday, marking "Home Demonstration Week." Rev. Charles Reckley, pastor of the church, gave a special program for the occasion, and Mrs. Charles Reckley sang a solo. She was accompanied by Mrs. Henry Rank.

Mrs. George Tennent Jr. and Mrs. Clarence Miller were named delegates to attend the summer short course at the University of Maryland this summer. The president announced that the next meeting will be held at the home of Mrs. George Wade, with Mrs. William Smith acting as co-hostess, and will feature a demonstration on "Let Your Freezer Work for You."

Welsh Favored For Post

The Mayor and Council went on record yesterday suggesting the county consider appointing Charles Welsh, of this city, as humane officer.
The Board of Allegany County Commissioners is considering the appointment of a fulltime humane officer.
Welsh's name is the second to be submitted for the post. Last week the Western Maryland Wildlife Federation endorsed Mervyn Hast, of RD 2, Union Grove.
Street Commissioner William H. Buchholtz told council yesterday that Welsh has done a good job and worked for "starvation wages." He said it was time to make the post of humane officer "a decent position," and asked that council go on record that Welsh be retained by the county as in the past and then by the city.
Welsh has been collecting fees "direct" in the county while the city has been appropriating \$3,600 for the "Humane Department." Expenses incurred by Welsh are taken from this appropriation.
City Attorney Thomas B. Finan suggested that the city should discuss the proposed appointment with the county. He

said there is some question as to how much service the city will get if there is only one humane officer. It is possible, he added, that the city might not have to appropriate the money it presently does, but if one man cannot do the job it might be possible to have a part-

time assistant here and the city could make a contribution. Buchholtz said regardless of what happens "the city will expect the same kind of service from the county as in the past and with a minimum of complaints." He pointed out that Welsh has spent considerable time in his humane officer duties and should get consideration.

Ike Goes To People Again

After President Eisenhower's second TV and radio appeal tonight, against Congressional slashing of his budget, it will be easier to tell whether he has been successful. Certainly a similar Eisenhower TV and radio broadcast in 1954 against threatened tax cuts did do the trick at that time.

The Democratic majority in Congress was proposing to raise the personal exemption in the income tax from \$600 to \$800 for 1954, to \$1,000 thereafter. The President told the people on March 15, 1954 that this "drastic" tax reduction would be all the more "unsound" because no economic emergency confronted the nation.

The next day three Democratic leaders went on the air to defend their proposal, also to condemn the Administration tax program as affording "little or no relief" to the small taxpayer. But the House then rejected the Democratic proposal, by the narrow margin of six votes. That cleared the way for the adoption of the Administration tax bill (general tax revision and some relief for dividend recipients).

Two years later, on April 15, 1956, the President took to the air to explain why he had vetoed the bill imposing rigid farm price supports at 90 per cent of parity. The bill had had a majority of 15 votes in the Senate and 56 in the House, but a motion in the House to override the veto failed to obtain any majority at all. Later Congress enacted the Administration soil-bank farm bill.

On the other hand, in 1919 President Woodrow Wilson got nowhere in his speaking tour to forestall the indicated Senate rejection of the League of Nations. The President had become unpopular and so had the cause he was espousing.

These Days

By George E. Sokolsky

The Decline Of Oratory

During April and May, it falls to my lot to listen to speeches, often at formal dinners where one sits for hours on small, gilt chairs intended to provide a maximum of seating capacity for the banquet hall and a minimum of comfort for the male carcass.

Usually there is a professional humorist of sorts to liven up the audience which by the time the speeches come around has been put into a torpor by the excesses of food and drink. The humorist is the real gamble of the evening because only too often he tells the same jokes that other humorists told last week and the week before and most of which I heard, in one form or another, half a century ago. For instance, there is the humorist who turns to an Englishman and asks how long he has been in the country and then compliments him on his English. In my childhood that one ended with some sentence like in Paris even the babies talk French. At that the audience is supposed to belly-laugh and if they do not the humorist makes a point of having lost them.

Another casualty of these dinners is the distinguished businessman or public official who comes with a long address, triple-spaced and typed in enormous type, bound in a black cover which he reads slowly and meticulously and droningly until only those far in back, at inconspicuous tables, can save themselves by going away, far away.

Such speeches are usually written by others than those who deliver them, generally by hack writers who work for public relations firms in the young hope that some day they will become the leading playwrights, novelists, Pulitzer Prize winners of the land. Only too often are their hopes blighted and they go on writing these endless speeches which businessmen and public officials read diligently like school-boys reciting in the primary grades.

Any man who has made his mark in the world, if he just talked naturally about something he knew something about could beat these speech-writers hands down, but the public relations counsel and lawyers fear that such a man might say too much and end up a national hero but with a fight in his Board of Directors. This is particularly true in these days when so many businesses continue to be dependent upon government contracts and it is unwise to be just a citizen speaking his mind, which in the language of the public relations counsel, is to become controversial, a very dangerous thing indeed.

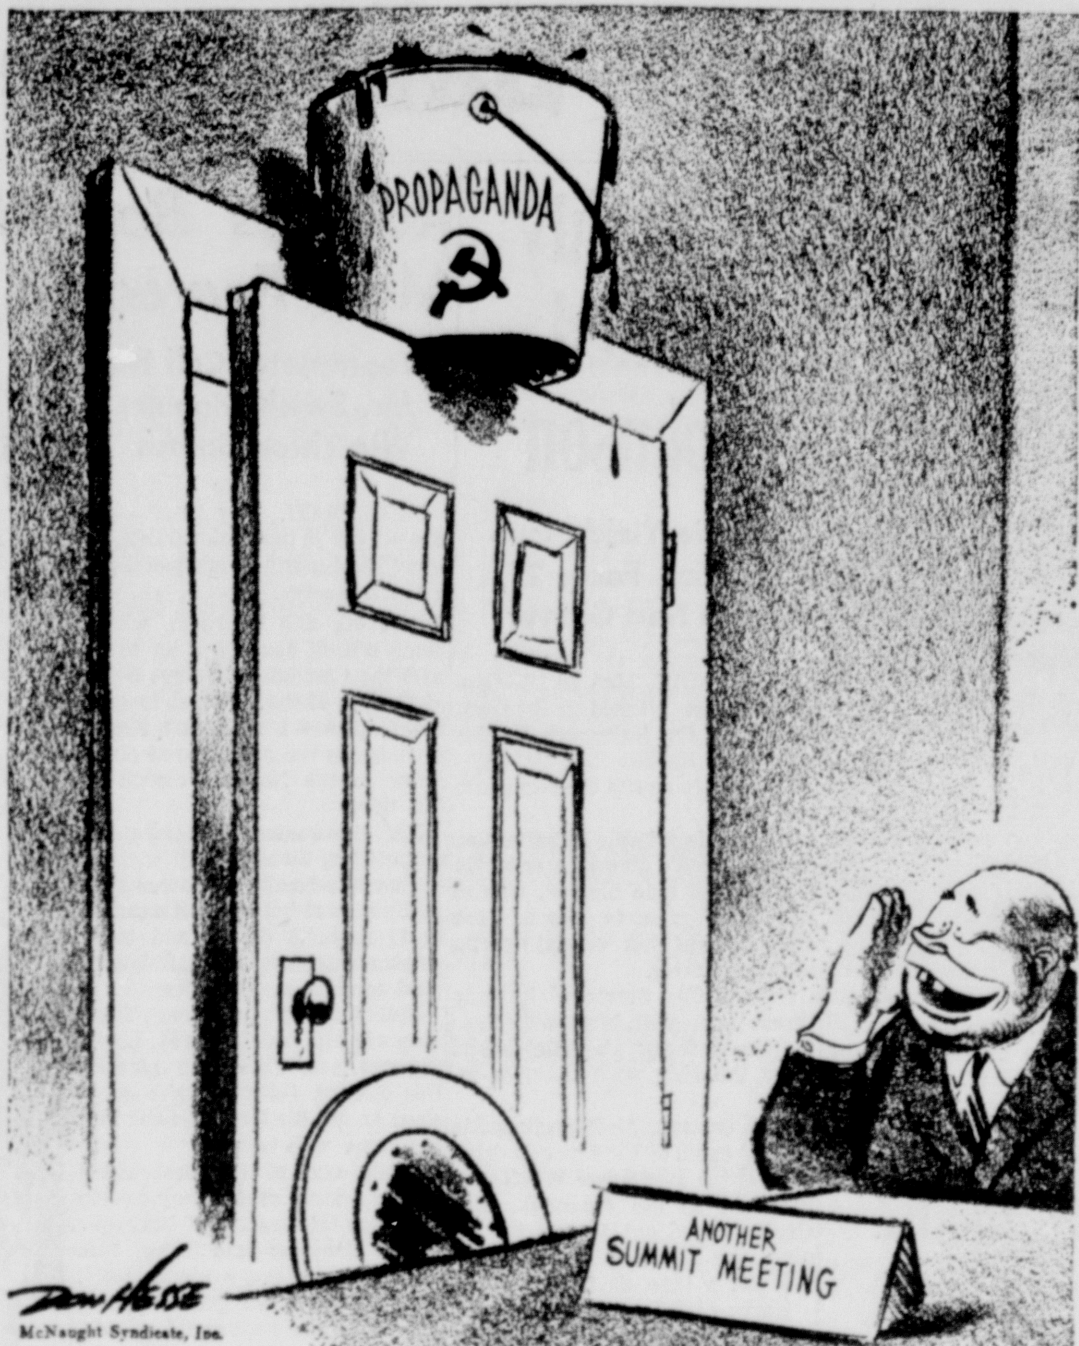

So one sits on a small, gilt chair and listens to this speech over which many have labored but none have thought. And when it is all over, generosity impels one to write a line, high-lighting some addition to human wit, wisdom and knowledge, but nothing has been said which can serve as a peg, for the fellow who wrote it does not believe a word of it and the great man who speaks it wonders why he is not permitted to say what he means.

Then it is all over unless there is to be another speech of the same origin and nature. Sometimes a soprano or a baritone warbles between the two speeches. That is supposed to act either as a punctuation mark or as a seventh inning stretch. At any rate, while the singer sings everybody talks.

Singers are nowadays called vocalists which is difficult to define in English and the song is a selection which is also true of a cigar. So the vocalist vocals and the audience talks. Then the master of ceremonies cracks last month's joke. If you attend these dinners often, to meet old friends, you hear all the current jokes including the new integration jokes which have run the gamut of comedians and their imitators. Then the second speaker is called upon. And then everybody goes home, having had a good time, making a deal with Jake, putting in a fix for Bill, saying hello to the fat girl who used to be thin before she married the toastmaster who just told last month's joke.

The public relations counsel shakes hands all over the place, hoping to hear that the speeches went over fine. But what did they say? Must they say something, too?

'We're Ready Again'

Pushing Toward The Brink, Nasser Style

By Joseph Alsop

BEIRUT
In the last week, the already badly seamed and faulted "unity of the Arab states" has come perilously close to a final, open break.

The cause, as might be expected, has been the flagrant, continuing and quite ruthless interference of Egypt's President Nasser in the internal affairs of all his neighbors. The neighbor that was almost driven to an open break was this sane, sturdy little country, Lebanon. And the rupture of diplomatic relations between Lebanon and Egypt may yet occur, if Egyptian interference in Lebanese affairs continues unabated.

Through the "Voice of the Arabs" radio station and the rigidly controlled Egyptian press, Nasser began an extraordinary campaign of personal vilification against the Lebanese government some months ago. Lebanon's wise President, Camille Chamoun, was target number one for the Egyptian mudslingers. But the popular Prime Minister, Sami es-Solh and the courageous Foreign Minister, Charles Malik also came in for their share.

The first cause of this mudslinging campaign was Lebanon's refusal to break relations with Western powers after the Suez crisis (even though President Chamoun was ready to send home the British and French Ambassadors if the invasion of Egypt had not been called off). The second cause was Lebanon's acceptance in principle of the Eisenhower Doctrine.

Quite recently, the mudslinging reached such extremes that President Chamoun and the Lebanese government were driven to forbid importation of the Egyptian newspapers. Simultaneously, the Lebanese Ambassador to

Cairo was ostentatiously called home "for consultation". At present, the problem of jamming the Cairo radio is also being studied. But these strong measures by no means tell the whole story.

The heart of the story is the continuous political activity in Lebanon of the Egyptian Ambassador, Abdel Hamid Ghaleb.

As President Chamoun himself is known to have remarked with great bitterness, the Egyptian Embassy in Beirut is nothing more nor less than the chief political headquarters of the opposition parties that hope to turn out the present Lebanese government in the general election here

next month.

The opposition coalition, headed by the pro-Egyptian Abdullah Yafit, also as might be expected includes the local crypto-Communist, Antoine Tabet. It is, in short, the standard grouping that Egyptian influence and agents, helped out by Soviet money, are now supporting in every Arab country.

Last week, the reports of Ambassador Ghaleb's activities were so shocking by any normal standard of international dealing, that President Chamoun took the big decision in principle. Ghaleb must be declared persona non grata, he decided, even if this meant that Egypt would then

Power Commission Chairman Holds Secret Huddles To Draft Gas Bill

By Drew Pearson

WASHINGTON.—Every housewife who turns on a gas stove or an electric light bulb will be interested in the amazing confession of the man whose sworn job is to protect her on the price of natural gas and electric power.

He is Jerome Kuykendall, whom Eisenhower has just re-appointed Chairman of the Federal Power Commission.

When he took office, Kuykendall took a solemn oath to enforce and follow the laws of the United States, especially those governing his own agency which was set up to protect the American consumer from big power companies and the big gas producers.

Despite this, alert Congressman Torbert Macdonald of Boston discovered that Kuykendall had met secretly with Randall LeBoeuf, attorney for Consolidated Edison of New York; William Tarver of Southern Natural Gas, Birmingham, Ala.; and David Searls, counsel for Texas Natural Gas Producers. Purpose of the secret meeting was to draft a bill acceptable to both southern gas producers and northern gas distributors. The consumer was not consulted.

Equally amazing was that the meeting was held on the instruction of the White House.

"Don't Tell Anyone"

Chairman Kuykendall finally blurted out the whole story.

"What happened was this," he confessed to the persistent Congressman from Boston. "While Congress was still in session last year, and after the Harris-Fulbright bill had been voted on, Jerry Morgan at the White House contacted me and asked me if I, without saying anything to anybody, would prepare a draft of a bill which I thought would fulfill the requirements that the President had stated in his veto message."

Kuykendall then explained how he had contacted representatives of southern gas companies and northern distributors.

"Well, sir," demanded Congressman Macdonald, "as I understand it, the act which you administer was put in for the protection of the consuming public of the United States, was it not?"

"Yes," agreed Kuykendall. "Would you not say that your primary duty is to protect the people who use this gas, rather than those who produce it?"

"Yes, and that is what I am endeavoring to do," said Kuykendall.

"I would like to ask you this question," Macdonald continued. "If, during the formulation of this bill, which is now House Resolution 6790, you did not call on any consumer group to find out how they felt about this matter, and relied solely on only the three segments of the industry that had to gain from any such bill?"

"Well, that is a loaded question," protested Kuykendall.

"It is not a loaded question!" snapped Macdonald.

"In the first place," explained Kuykendall, "I knew of no sufficient consumers groups to go to. And I wasn't going to groups. I went to three individuals, and I admonished those individuals that there should be no publicity about this. There should be absolute secrecy, because I did not want any rumors started that there might be another gas bill during the last session of Congress."

"Did you consult with any lawyers from a consumer group, of the Mayors' Association, for one, the mayors of 200 cities of the U.S.?" pressed Macdonald.

"No, I did not," admitted the Chairman of the Commission which is supposed to protect consumers, "I only consulted with

these people I have mentioned."

"Since the mayors of 200 large cities of the United States represent millions of people—millions of people who would be affected by this bill—I cannot quite understand why you did not, and I am asking for an explanation why you did not," asked Macdonald.

The Chairman of the Federal Power Commission squirmed, fidgeted, gave no satisfactory answer. A further answer will be demanded of him when he comes up for confirmation before the Senate Interstate Commerce Committee. Sen. Paul Douglas of Illinois plans to demand that he be impeached.

Note — The secret discussions between Kuykendall and the big gas boys resulted in the Harris bill, now being considered in the House of Representatives.

Washington Pipeline

The Senate Rackets Committee will try to balance its anti-labor investigation by investigating a small telephone company in Ohio. Committee agents are probing reports that the company ordered detectives to "get" four labor leaders by running them down with an automobile. . . . The late Senator McCarthy's private papers reveal he once wanted a three-man national commission to investigate Communism—Federal Judge Harold Medina, elder statesman Bernard Baruch, and labor leader David Dubinsky. . . . Ike hoped to use two top Democrats to sell his foreign aid program to Congress — ex-Sen. Walter George of Georgia, and ex-Congressman James Richards of South Carolina. Both are highly respected, but Richards is begging off any lobbying with old colleagues. . . . CIA Director Allan Dulles has told the White House that Colonel Nasser will probably go broke within the next 18 months—unless the Kremlin decides to pour rubles into Egypt. In that event, Cairo would become a branch office of Moscow. . . . Sen. Bill Knowland, sometimes called the "Senator from Formosa," isn't going to like it, but Defense Secretary Wilson wants a drastic reduction of Americans on Formosa. There are 4,000 Americans assigned to help Chiang Kai-shek, and Wilson figures that Formosa is one place where he can save money.

Over There

By Bob Considine

NEW YORK, May 20 (INS) — With Lord knows how many hundreds of thousands of Americans going to Europe for the first time this year I predict exclusively that the best selling book Over There will be "New Horizons — U.S.A., Pan American's complete guide to travel in the United States."

It is published by Simon and Schuster and should be in every suitcase that is headed overseas. There will be hours, if not days, when the new visitor to the Continent, tired of bucking a strange and generally disinterested world, will pine for this reverse-English travel book. After a wrestle with Swiss customs, a Madrid night club, a bill at a French night club, and an English telephone operator who cannot speak American, it should be comforting to those newly in the alien corn to read:

"Bridgeport (Conn.) is primarily an industrial city. People are busy. There is work to be done, but there is always time to be friendly."

"Philadelphia has local specialties which should be sampled: Pepper pot (a spicy soup), scrapple (similar to ground sausage meat), Lancaster smoked hams and Philadelphia ice cream (softer and more custardy than ordinary ice cream)." . . . Conservative clothing is worn in Philadelphia."

"Tennessee observes Patriot's Day (Jan. 19), Lincoln's Birthday (February 12), Good Friday, Jefferson Davis' birthday (June 3), and General Forrest's birthday (July 13)."

"Idaho is called the Gem State, Montana the Treasure State, Oregon the Sunset State, Washington the Evergreen State, and Wyoming the Equality State."

Los Angeles is in Southwestern California, about 15 miles inland from the Pacific Ocean, 400 miles south of San Francisco. The original name was "El Pueblo de

Nuestra Senora la Reina de Los Angeles de Porciuncula." " (Ed. Note: It was shorted for marquee purposes.)

The lonely traveler to Europe, sitting in his hotel room without a friend, unable (a) to get the phone operator and (b) unable to explain that he wants some ice when he does get her, can snuggle up with such additional, heart-warming facts as these:

The bus time from Los Angeles to Norfolk is 74 hours. . . . North Dakota the Flickertail State is famed for its eroded sandstone. In Cleveland, men wear jackets and ties to business even during the summer. . . . In Tacoma, Wash., the nearest consulates are in Seattle. The prevailing wind (in Miami) is from the Southeast and ranges from eight to 15 miles per hour. . . . In Peoria, you can stay at the Pere Marquette from \$7.50 a day. . . . Mexican influence has given the town of San Antonio "a casual, warm and easygoing way of life."

And so on.

Let me say that there will be days when this little book will be like a balm on a wound.

There will be days in Venice when the Grand Canal is upwind instead of down, days when you can't get into the Shoulder of Mutton in Brussels, days when you must stay to the French taxi driver "Hotel Ritz" at least a dozen exasperating times before he turns and replies, "Ah, Hotel Ritz!" and days when all you need to sustain life are such homely but unobtainable bits of Americana as a newspaper, a news broadcast, a hamburger, ham and eggs, a decent cup of coffee.

These will be the days when you want to know, and you can know, thanks to the Pan-Am book, that you can get a single at the Leamington in Oakland, Calif., from \$5.50.

You're Telling Me!

By William Ritt

Highly popular this season at many social functions in the national capital is square dancing. Washington's just the place for that, what with so many people there always trying to call the turn.

An area of strife between Honduras and Nicaragua is known as the Mosquito Coast. Who's swatting who?

To preserve its forests the Mexican government is giving away oil stoves to small landowners. Now, there's a hot idea!

Colombia's ex-dictator, Gen. Gustavo Pinilla, must have a mighty long reach. In trying to grab more power he hauled himself right out of that nation's presidency.

So many people were opposed to Gustavo it appears that he must have represented a political party of one—himself.

"Colleges Face Big Teacher Shortage"—headline. Might help if some of those All-American tackles became professors instead of coaches.

Mexico Faces Serious Public Health Problem

By Dr. Theodore R. Van Dellen

A trip to an open market tells why dysentery is so common in Mexico. Food is exposed on the not too clean counters and, more often, on the ground and there is no evidence that the clerks have washed their hands. A few refrigerators exist but meats are hung in the open and covered with flies. The place abounds in dogs and you see pigs, burros, and bulls.

Marketing has been done this way for centuries but the authorities are attempting improvements. Taxco, for example, was founded in the days of Cortes. The city was built on the side of the mountain, where it is difficult to incorporate a modern sewage system.

Injuries and deaths from auto accidents were reduced markedly

by straightening some of the roads and setting up one-way streets. A DDT program has been inaugurated and malaria may be the first to go. Periodic examinations and annual chest X-rays are made on all the miners to detect early silicosis (stone cutter's disease) and in this respect, progress in industrial medicine is on the way.

Vaccinations will be next on the list. Meanwhile, the people must be educated in modern sanitation and hygiene. Established customs are difficult to change in a generation. Mexico has many good physicians but the problems they face are hard to overcome.

According to a Taxco medico

most Mexicans are more interested in taking medicine than in having their symptoms investigated. They lose faith in the doctor who wants tests made to establish a diagnosis. This hinders the early recognition of many diseases including cancer.

Laboratories are few and far between and weeks or months may elapse before a report of an analysis is obtainable. Meanwhile, the patient makes the rounds of the other physicians until he finds one who will treat his symptoms.

The most common diseases affecting smaller communities are typhoid, worms, amebic and bacillary dysentery, malaria, and tuberculosis. Goiter is common because of iodine deficiency. Infant mortality is high.

Pinta is noted also, especially among those who live under the most insanitary conditions. It is caused by spirochetes similar to those that produce syphilis and the usual manifestations are sores on the legs. It responds to penicillin.

TOMORROW: The motor accident toll.

YOUNG WRESTLER

Mrs. M. writes: My 18 year old son wrestles in high school. His normal weight is 177-179 but when he is going into a meet, he takes off 20 pounds by skipping breakfast and eating skimpy meals. Isn't this injurious to his health?

REPLY

No. When my son was wrestling in high school he did the same thing. I objected but found I was playing a losing game. Apparently it did no harm but encouraged self-control through self-discipline.

Try And Stop Me

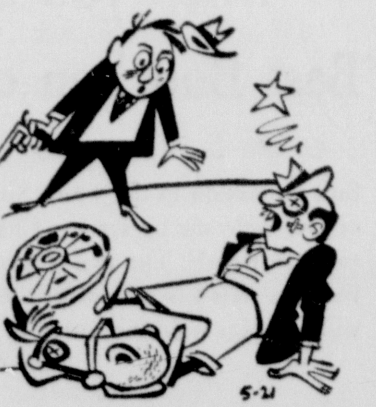

By Bennett Cerf

In Louisville, they tell about a man who was suing for damages sustained in a traffic accident. "You've changed your story!" sneered the defendant's counsel. "At the time of the accident, did you not declare you were not hurt?"

"Here's what happened," said the plaintiff. "I'm ambling along with my old horse and wagon when this motorist knocks us into a ditch. What a mess! There am I, flat on my back with my legs in the air; my horse likewise. The guy gets out of his car, sees my horse has a broken leg, pulls out his pistol and shoots him. Then he turns to me and says, 'Now, what about you?'"

"Are you hurt, too?"

Howie Harris says Washington

opinion has it that the world's in such a mess because top diplomats have little time to confer. They're too busy appearing on TV shows.

Ramos Tosses Four-Hitter, Defeats Lary

Ed FitzGerald's Pinch Blow In 9th Decides Contest

WASHINGTON, May 20 (AP)—Ed FitzGerald, batting for Lou Berberet, loaded and one out in the ninth inning scored Pete Runnels and gave Washington a 2-1 victory over Detroit tonight. Pete Ramos held the Tigers to four hits as the Senators snapped a five-game losing streak.

Lary, Aber (9) and House; Ramos and Berberet. L—Lary.

Frank Lary, who suffered his fifth setback against two wins, gave up a single to Runnels to set the winning rally in motion, then hit Roy Sievers. Herb Plews sacrificed and Jim Lemon was purposely passed before Al Aber replaced Lary on the mound.

FitzGerald, batting for Lou Berberet, hit a grounder which third baseman Reno Bertoia stopped with a diving stab, but before he could regain his feet Runnels had crossed the plate.

Ramos, who won his third decision, yielded a run in the first inning when Harvey Kuenn doubled and Ray Boone singled. The only hit off Ramos in the last 7-2-3 innings was Lary's pop fly single to left in the fifth inning.

The Senators tied the score in the first inning after Whitey Herzog doubled to left. He took third base on a passed ball and scored on Plews' single to left.

Prosecutor Calls Bauer And Jones

NEW YORK, May 20 (AP)—Hank Bauer of the New York Yankees, and Edward Jones, a delicatessen owner who alleges that the ball player beat him up on May 16, have been ordered to appear in the prosecutor's office tomorrow morning.

Assistant District Attorney Karl Grebow, who made the announcement, said if Jones goes through with his intended complaint against Bauer, it will have to be done on the basis of a civilian arrest.

The incident allegedly occurred early last Thursday morning in an east side night club. At the time, Jones' attorney, Anthony Zingales, said he planned a civil suit for \$250,000 against both Bauer and the night club.

CHANGE UNIFORMS — Art Houtteman, Eddie Robinson and Rocky Bridges, pictured left to right, figured in major league deals transacted yesterday. Pitcher Art Houtteman, 29, was purchased by the Baltimore Orioles from the Cleveland Indians. Cut loose a week ago by the Detroit Tigers, Robinson was added to the Cleveland Indians' roster to add pinch hitting strength. Bridges, Cincinnati Redlegs castoff, was acquired by the Washington Senators via the waiver route. (AP Photofax)

Garden May Be Eliminated As Title Go Site

Suit Against IBC Gets Under Way

NEW YORK, May 20 (AP)—If the government suggestion is followed, Madison Square Garden would be eliminated as a site of championship boxing matches, an attorney for the International Boxing Club said today.

The attorney, Kenneth C. Royall, made the statement before Federal Judge Sylvester J. Ryan, who presided at the hearing of opening arguments on the suit against the sprawling IBC and its officers on charges of conspiring to monopolize championship boxing in the United States.

Ryan recently found the IBC, Madison Square Garden Corp., and top officers guilty of violating anti-trust laws. Included in the ruling were James D. Norris, president of the IBC in New York; Arthur Wirtz, IBC president in Chicago, and the IBC organizations in Michigan and Missouri.

Ryan hinted today he was considering appointment of a trustee for the \$2,000,000 capital stock holdings owned by Norris and Wirtz in the Madison Square Garden Corp. The government had proposed in its decree that Wirtz, Norris and associates be compelled within six months of the final judgment to sell all the stock they control in the Garden.

Dodgers Trim St. Louis, 10-4

ST. LOUIS, May 20 (AP)—Gangling Don Drysdale won his third game without a loss as the Brooklyn Dodgers trounced the St. Louis Cardinals tonight, 10-4. Home runs by Carl Furillo, Duke Snider and Sandy Amoros dotted the Dodgers' attack.

Porterhouse Is Favorite

Shoemaker To Ride In \$100,000 Event

INGLEWOOD, Calif., May 20 (INS)—Porterhouse was established as the favored horse to ride for the running of the \$100,000 Californian at Hollywood Park next Saturday but all eyes will be on Jockey Willie Shoemaker.

Shoemaker, who was set down at Churchill Downs for standing up aboard Gallant Man as Iron Liege flashed by to victory in the recent Kentucky Derby, has also had his ups and downs at Hollywood Park.

He was grounded by Hollywood Park stewards in 1955 and missed riding Swaps to victory in the Californian.

Last year, Shoemaker was aboard the sensational Swaps headed for victory when he suddenly eased up his hand charging mount, allowing Porterhouse to nip Swaps at the wire.

Shoemaker will again face Porterhouse in next Saturday's Californian, but this time it won't be so hard on the owners should Shoemaker fail to see the finish line.

The controversial jockey will be riding Porterhouse's stable entry, Social Climber.

Mantle Having Poor Season, Batting .356

Hit .400 Year Ago, Williams Leader

NEW YORK, May 20 (AP)—By last season's standard, Mickey Mantle is having a poor season. But how long will they be able to keep the New York Yankees' slugger from challenging for the batting, home run and runs batted in leads?

Mickey is gaining ground fast in all three categories. Last week, he moved into third place in both the batting and homer competition. He collected seven hits in 15 times at bat (a .467 pace) and the output also included two home runs and five RBIs.

For 27 games, Mantle shows a batting mark of .356, seven circuit blows and 15 RBIs. In as many 1956 games, the Yankees' star had a league-leading .400 average (40-for-100), 13 homers and had driven home 27 runners. Mantle's fast start carried him to the triple crown.

Mickey still has to go some to overtake Boston's Ted Williams and Detroit's Reno Bertoia in the batting race. Williams is the top American League hitter with .394 followed by Bertoia's .364. Both slumped in last week's action, Williams dropping 26 points with eight safeties in 25 trips and Bertoia losing eight points on 7-for-21.

Hank Aaron, unlike Mantle, is off to even a better beginning than he had last year. The Milwaukee outfielder, who won the '56 batting title, leads the National League with a .366 average, 11 home runs and 29 runs batted in. In 28 games, Aaron has 45 hits in 123 at bats.

Forest Hills Gets Tournery Of Champs

LOS ANGELES, May 20 (INS)—Tennis promoter Jack Kramer announced today in Los Angeles that he had completed negotiations with the West Side Tennis Club in Forest Hills, N. Y., to stage the Tournament of Champions Tournament there July 15-21.

The largest total jackpot ever offered for a professional tournament in the United States will be up for grabs when six of the world's best tennis players compete for \$10,000 at Forest Hills.

Pancho Gonzales, Ken Rosewall, Tony Trabert, Frank Sedgman, Pancho Segura and Kramer or Dinny Pails will constitute the field taking part in the tournament.

Bobby Shantz Is Concerned Over Control

143-Pound Southpaw Is Pitching Surprise

NEW YORK, May 20 (AP)—Tiny Bobby Shantz is the New York Yankees' pitching surprise of the season, but he's not perfectly happy.

"My arm doesn't hurt and seem to have as much stuff as ever," the 143-pound, injury-bounded lefthander said today. "But that old control, it's just not there."

"I don't seem able to get the ball to the spot I want it with my best pitches."

Shantz, picked up in a 13-player deal between the Yankees and Kansas City Athletics in February, pitched eight innings and got credit for a 6-3 victory over Cleveland yesterday although he was taken out in the ninth.

Bobby owns 3-1 Mark. The mite-sized pitcher, frequently mistaken for a bat boy, has worked 38 innings for the world champions, third behind Johnny Kucs' 42 and Tom Sturdivant's 39. He has a 3-1 record, best won-lost mark on the team.

He also has Manager Casey Stengel beaming.

"He's been a dandy," said Stengel. "He's been good luck for us."

"In training camp Shantz insisted his arm was okay," Casey said. "He said he wanted to start. I had my doubts but I decided to let him start. I never had him down for the bullpen. I can't say how much he has surprised me."

Stengel also praised the hustle of the pitcher, who singled home a run in the sixth inning yesterday and then scooted from first to third on Bobby Richardson's lazy liner hit.

"This guy is not just a pitcher," said Casey. "He can play short-stop any time you ask him."

Won 1952 MVP Award. Shantz, who broke in with the Philadelphia Athletics in 1949, won 24 games and lost 7 in 1952 and won the award as the league's "most valuable player."

He suffered an arm ailment in 1953. After regaining form, he was struck on the head by a batted ball in an exhibition game against the Pittsburgh Pirates in 1955 and shortly afterwards, pulled a tendon in his left elbow.

Romney Moose Sportsmanship Dinner Sunday

The twelfth annual Sportsmanship Award Dinner of Romney Lodge No. 1371, Loyal Order of Moose, will be held Sunday at 2:30 p. m., at the Moose Home in Romney.

Gold wrist watches will be presented to the outstanding football and basketball players of Romney High School and the West Virginia School for the Deaf. Runners-up will receive pen and pencil sets.

Winners of awards last year were Paul Adams and John Snyder, of the West Virginia School for the Deaf; Thomas Hartman and Dean Snyder, Romney High football players, and Sam Riley and Ralph Dusic, Romney High basketball players.

Lonaconing Beats Westernport, 9-4

LONACONING, May 20 — The Lonaconing Independents made it three wins in a row by defeating Westernport to the tune of 9-4.

"Cokie" Robertson working on the rubber for Coney, yielded only five hits and struck out eight to earn his first decision.

Bill Foote and Robertson, of Lonaconing, and Salesky, of Westernport, paced the hitters with two safeties each.

Lonaconing will play the Klonodyke Colts Saturday at 2 p. m. The score:
Lonaconing 012 004 2-9 9
Westernport 001 030 4-5 5
Robertson and Foote. Crowe and Broadwater.

Kansas City Is Blanked By Johnson

Connie Yields Two Safeties, Faces 29, Beats Ned Garver

BALTIMORE, May 20 (AP)—Connie Johnson pitched a brilliant 2-hitter as the Baltimore Orioles edged the Kansas City Athletics 2-0 tonight to sweep the two-game series.

Johnson faced only 29 batters as he set the A's down in order in eight of the nine innings. One of the three men to reach base against him was erased on an attempted steal.

Kansas City mustered its only threat in the sixth when Billy Hunter doubled and Joe DeMaestri drew the only walk Johnson issued.

With one out, Al Pilarcik made a great catch of Vic Power's drive against the wire fence in left center field at the 410-mark. Milt Graff popped out to end the inning, the only one in which the A's left a man on base.

Harry Simpson singled to open the second for the only other hit off Johnson, but he was out attempting to steal. Johnson retired the next 12 batters before Hunter doubled in the sixth, and he set down the last 11 men he faced.

Baltimore found losing pitcher Ned Garver tough, too. He gave up five hits in the first five innings.

McBride Cops St. Nick Bout

Snap's Besmanoff's Win Streak At 13

NEW YORK, May 20 (AP)—Hungry Archie McBride of Trenton, N.J., scored his first victory in two years tonight with a neat upset, 10 round decision over Germany's Willi Besmanoff at St. Nicholas Arena. The loss snapped the favored German's win streak at 13.

A 13-5 underdog, McBride spotted Besmanoff nine pounds—195 to 186—and beat him decisively to earn the unanimous verdict.

The three officials cast their votes for McBride this way: Referee Mark Conn 8-1-1, Judge Nick Gamboli, 5-4-1 and Judge Mike Davidowitch 8-2. The AP card had McBride in front, 7-2-1.

WASHINGTON, May 20 (AP)—George Washington University made clear today that its Southern Conference baseball champions will enter the National Collegiate Athletic Assn. Tournament.

Redlegs' Bob Thurman Most Feared In Pinch

Teammates Call Him Mr. Swish; Homers Win Three Games

CINCINNATI, May 20 (AP)—Ask any pitcher in the National League who "Mr. Swish" is, and you'll get a quick answer.

It is big Bob Thurman, whose pinch hitting has had a lot to do with the Cincinnati Redlegs being at the top of the National League today. The 6-1 202-pound Negro probably is the most feared pinch hitter in the National circuit at this time.

His teammates gave him the name "Mr. Swish."

Thurman has hit five home runs in 27 times at bat and had knocked in 11 runs. A double and three singles complete his safe-hitting total to date in 16 games.

Pinch-hit homers from Thurman's bat have defeated St. Louis, Chicago and Pittsburgh already this season. On two other occasions he got the Redlegs back into the game with homers.

"He's one of the best pinch hitters I have seen in my nearly 17 years in baseball," Manager Birdie Tebbetts said today. "He is more than just a pinch hitter. He does things the greatest pinch hitters of the past could not do."

"First, he can run. He doesn't hit into double plays often. He doesn't swing at just everything. He has to be pitched to. And, he will wait for a base on balls if the pitcher's offerings are not to his liking."

"That big boy gets off the bench good and cold, and he just gets hot walking up to the plate. 'He is a good outfielder, too.'"

Thurman said when he broke into professional baseball he wanted to be a pitcher. Then, when he found he could slug the ball, he became an outfielder.

"One of my early managers," said Thurman, "began taking me out of the lineup when a left-handed pitcher was working against us. I bat left-handed, you know."

"I asked that manager why he took me out and he said 'that's the way things are; left-handed batters don't hit left-handed pitchers.'"

"I say 'who told you that? Who says I can't hit left-handers? I don't know anything about that.'"

"Then I showed him I could." He likes to hit at fast balls, but said curves do not bother too much.

Thurman, who was 34 years old May 14, joined Cincinnati in 1955 as a free agent. In 82 games that year he hit 7 home runs and batted .217, batting in 22 runs. Last season he hit 8 homers in 80 games, drove in 22 runs and batted .295.

Comer Will Manage B'nai B'rith Team

Fred Comer has been named manager of the B'nai B'rith team of the Hot Stove Baseball League.

Bob Zimmerman will serve as assistant manager.

B'nai B'rith will practice today at 3:30 p. m. at East Side Field.

The Hot Stove League season will get under way next week.

Jackson Asks \$175,000 To Fight Patterson

NEW YORK, May 20 (AP)—Promoter Emil Lence was rebuffed today in his attempt to sign Tommy (Hurricane) Jackson, top ranking contender, for a title fight with heavyweight champion Floyd Patterson.

Lence, who has Patterson lined up for the title defense, said he offered Jackson 20 per cent of "everything"—gate, television or theater-television—but that Jackson's manager, Lippe Breitbart, insisted on a guarantee of \$150,000 plus \$25,000 for training expenses.

Elk Garden, Moorefield Play Regional Game At Keyser

Jackets Are Unbeaten In Ten Contests

Leading PVC Nines Play In Semi-Final Game Today 4 P. M.

Moorefield and Elk Garden, champions and runnersup in the Potomac Valley Conference this season, will clash today at 4 p. m., on Stayman Field, Keyser, in a semi-final round game of the West Virginia Region 4 baseball tournament.

It will mark the first meeting of the Hardy county and Mineral county school nines this season. Moorefield goes into this important battle with a 10-0 record while Elk Garden, which could have shared the title had it won all of its games, dropped its P.V.C. finale to Southern High School at Oakland, 6-2. Moorefield beat Southern in Oakland, 16-3.

Moorefield whipped Elk Garden in the region semi-final in 1956 by the score of 7-1 with Harold Mongold deciding Dwayne Murphy, Mongold was graduated last June but Murphy is still with the Elks and owns a 5-1 season record.

The winner of today's game will play the victor in the Martinsburg-Capon Bridge contest. Capon Bridge moved into the regional semi-final by defeating Berkeley Springs for sectional honors.

Coach Jonathan Paugh will select his pitcher for today's game from Harry Fitzwater (5-0)

Junior High Meet Reset Wednesday

Lou Little Takes Job With Soft Drink Firm

NEW YORK, May 20 (INS)—Lou Little, who retired after 27 years as head football coach at Columbia, announced today he is taking a job as a consultant with a soft drink firm.

Little said he will begin work for the company after the close of Columbia's academic year in June.

Little, who is 65, will continue his active participation in football by serving as permanent chairman of the rules committee of the football coaches association.

Little's new job is with the Canada Dry Ginger Ale Inc., and he will serve as a consultant in developing and maintaining trade and consumer relations.

or Lester Hyre (5-0) while Coach Paul Kalbaugh will name his starter from Murphy or Tom Milavec, who has won four games and lost none.

Beall Hosts Fort Hill In League Game

Mt. Savage Visits Allegany; Bobcats Test Catamounts

Fort Hill High School's Sentinels will go after their fourth consecutive victory when they tackle Beall High School in the final game of their season series today at 4 p. m. in Frostburg.

The Sentinels defeated Beall on April 29 by the score of 3-0 and the Mountaineers will be out for revenge in the return game. Coach "Bobby" Cavanaugh's aggregation leads the championship race by the slim margin of a half game over Allegany High School. The Greenway Avenue tossers own an 8-1 record with five games left to play. Beall has won four and lost five.

Indians Won Opener

Allegany hopes to avenge one of the defeats on its record when it tangles with Mt. Savage's Indians today at 4 p. m., at Campobello. Coach Joe Carter's team spilled Allegany in the initial game of the series by the score of 3-2. The Campers own an 8-2 while Mt. Savage is 2-8.

In other Allegany County interscholastic League games today, Bruce High's Bulldogs (5-5) test Valley High's Black Knights (5-3) at Barton a 3:30 while LaSalle's Explorers (4-6) journey to Flintstone to meet Coach "Stony" Jackson's Aggies at 3:30. Valley holds a 12-11 decision over Bruce and LaSalle skunked Flintstone, 7-0.

Garrett Teams Meet

The Garrett County title will be at stake when Southern High and Northern High windup their series today at Accident. Southern (7-5) took the first game of the county series, 7-3, and must sweep the series to annex the title. A Northern win would tie the championship race. The Huskies play in the Somerset County League where their record to date is one win and seven losses.

Wardensville High's Warriors will host Mathias High in a Potomac Valley Conference game scheduled for today.

Bobcats At Potomac

On the collegiate front, both Potomac State and Frostburg State Teachers will lower the curtain on their campaigns when they collide at Keyser at 2 p. m. Potomac State boasts an 11-game winning streak at the expense of the Bobcats who haven't

Beecham To Take Place Of Sandy

WASHINGTON, May 20 (INS)—Promoter Goldie Ahearn announced today that Randy Sandy, New York middleweight, has suffered an eye injury and Jimmy Beecham of Minneapolis will substitute in the fight with Virgil Akins next Friday.

Sandy and Akins, St. Louis welterweight, had been scheduled for a 10-round televised bout at the Capitol Arena in Washington Friday night, but the New Yorker opened a cut eye in training.

Beecham, another welterweight who defeated Holly Mims several weeks ago, was signed to replace Sandy.

Art Houtteman Sold By Tribe To Baltimore

Ferrarese Is Sent To Vancouver Club

BALTIMORE, May 20 (AP)—The Baltimore Orioles today bought Art Houtteman from the Cleveland Indians, hoping to catch the veteran American League hurler on the upswing of a roller coaster career.

Houtteman has pitched only four innings this year after finishing the 1956 season with a 2-2 record. Manager Kerby Farrell of Cleveland said during the series here last week that the tall right-hander was "the last man on our pitching staff."

He added there wasn't anything wrong with Houtteman's arm but that he has been having control trouble.

Over a span of 12 seasons with Detroit and Cleveland, Houtteman has racked up an 87-91 won-loss record. One of his better years was his 1950 performance with the Tigers when he won 19 and lost 12 and led the American League in shutouts.

With Cleveland he was 15-7 in 1954 when the Indians won the pennant, and had a 10-6 mark the following year.

To make room for Houtteman, the Orioles optioned pitcher Don Ferrarese to Vancouver on 24-hour recall.

beaten the Catamounts since the first game of their 1951 series. The score of this season's opener was 12-6.

The Keyser team is completing its first season under Coach John Fox and has won 10 of 14 games. Frostburg State is 2-6 to date.

Hercules Wins Over LaVale In Rifle Circuit

Fort Hill Scores Over Mountain Top

Mountain Top	1	1	500
LaVale	0	2	000

Hercules stopped LaVale, 1589-92x to 1184-87x, in the second smallbore rifle contest of the Western Maryland League's outdoor series fired Sunday evening at the Morningside Drive range. Fort Hill clobbered Mountain Top, 1589-92x to 1184-60x.

Helen Grosh's 399-25x scored the Hercules victors in their five-point edge over LaVale and was best tally for the meet. Bill Smith's markup of 398-21x headed the losers.

Fort Hill's win over a short-handed Mountain Top crew was led by Norm White's 398-25x. Alex Harvey's 395-23x was high for the vanquished Oaklanders.

Two seldom-fired 10-x groups were scored by Hercules' Jim Spitznogle and Fort Hill's Frank Simpson, and both occurred on the second bullseye of the first target. The "X" area is a smaller circle within the 10-ring of the bullseye, and ten consecutive hits in this area is an indication of top marksmanship.

All firing was at 100 yards with telescopic sights on the International target.

Senators Obtain Rocky Bridges From Redlegs

CINCINNATI, May 20 (AP)—Utility infielder Rocky Bridges, who was taken off the Cincinnati Redlegs' active list last Wednesday, was awarded today to the Washington Senators on waivers.

The Reds dropped Bridges from the active list in order to get down to the 25-player limit.

The 29-year-old Bridges was acquired by Cincinnati from the Brooklyn Dodgers in 1953. In his first season here he played in 122 games and batted .227. Since then he has been used mostly in utility roles, playing second, short and third. He hit .286 in 1955 in 93 games.

To make room for Bridges, the Senators optioned shortstop Lyle Luttrell to Seattle of the Pacific Coast League.

The maneuver was the first completed by Charley Dressen since the former manager took a player-searching job with the Senators last week.

Luttrell, 27, moved to Washington from Chattanooga toward the end of last season. In 17 games this spring he batted .209.

Fort Ashby Little Leaguers Win, 19-3

Fort Ashby's Little Leaguers won their opening game of the season on Saturday, defeating the Cresaptown Eagles by the score of 19-3.

Cresaptown scored three runs in the first inning and then pitcher Gary Mangus settled down and pitched shutout ball. He struck out ten.

Lindley Newcomer showed the way for Fort Ashby with four hits, two being doubles. R. Miller hit safely twice for the losers. Teams in the 9-12 or 12-14 year-old class desiring home-and-home games with Fort Ashby are asked to contact John Mangus, Phone Fort Ashby 2932 and games can be arranged in either Little League or Hot Stove League classes. Score: Fort Ashby 0 (13-0 240—19 15 1 Cresaptown 300 000—3 6 5 Mangus and Hoey. Little, Ferrone, Weaver, R. Miller and Vandenburg, Phillips, LP — Little.

Duke And GWU Clash In NCAA District Game

Play On May 31 In Gastonia, N. C.

GASTONIA, N.C., May 20 (AP)—Duke and George Washington will be first round opponents in the NCAA District 3 baseball tournament's first round here May 31.

Walter Rabb of the University of North Carolina, chairman of the six-man district selection committee in charge of the tournament, said Dr. O. K. Cornwell, Atlantic Coast Conference secretary-treasurer, made the draw at Rabb's request. He came up with the first round pairing of Duke, ACC champion, and George Washington, Southern Conference titleholder.

Their game will be played at 3 p.m., EST, following the noon opener between the two games as yet to be selected for the tournament.

The afternoon losers will meet at 6:30 that night, the loser of that game to be eliminated. The afternoon winners will meet in a 9 p.m. game, the winner moving into the finals against the winner of a game between the two survivors.

Rabb said he hoped to announce the two other tournament teams within the next day or two, following a committee vote.

A team from the Southeastern Conference and an at-large team remain to be selected. Georgia Tech and Alabama, No. 1 and 2 southeastern teams, are not available for NCAA play. Rabb said that if a representative team from

Now from the world's most advanced refinery—

Greater
AMOCO-GAS

Greater for every car...yet no increase in price!

AGAIN new-car compression ratios and their power needs have set record highs. And, again millions of motorists look to Amoco for maximum premium gasoline power without the use of lead. In response to the growing demand for America's only unleaded premium motor fuel, Amoco now announces the opening of the world's most modern, most advanced gasoline refinery at Yorktown, Virginia.

Amoco's magnificent new Yorktown refinery and new facilities at the present great Texas City refinery make possible Greater Amoco-Gas...the highest natural octane gasoline in history, yet available at no increase in price!

Greater Amoco-Gas is the only high-octane gasoline of its kind. Every other premium gasoline, regardless of fancy color, fancy pump or fancy name, is actually a low-octane gasoline artificially boosted to premium rating by lead. But lead doesn't burn! Instead, it leaves fouling deposits on spark plugs, pistons and valves...causes pre-ignition and an ever-increasing thirst for more gasoline.

That's why only clear-white, unleaded Greater Amoco-Gas guarantees longer car life...no-lead fouling...greater mileage per gallon than ever before possible...100% power for every car on the road!

Amoco's modern Yorktown refinery is also responsible for other famous, high quality Amoco products including American Gas — the Big Buy of all the Regulars!

SPORTS GRILL

by Pat Robinson
International News Service Sports Writer

NEW YORK, May 20.—(INS)—

There have been some wonderful baseball deals.

A minor leaguer was traded many years ago for a good bird dog and the club which got the player was sipped.

The Yanks got Babe Ruth because Harry Frazee, then owner of the Red Sox, was in dire financial straits and only too eager to sell to the millionaire owners of the Yanks.

Connie Mack was forced to break up two of his great ball clubs because he needed the cash.

There have been thousands of trades which benefitted both clubs involved and there have been others which turned out one-sided. Many times a player tossed in merely as padding to make a deal look good has proved to be the most valuable man in the deal.

Don Hoak was just another guy in a monkey suit with the Dodgers but look at him now with the Reds.

Sometimes an enraged manager gets rid of a player he can't get along with and lives to regret it. That's how the Cardinals got Frankie Frisch from John McGraw of the Giants.

Rajah Hornsby has been an amazing baseball pawn. McGraw got him from the Cardinals but after the Rajah hit .361 for him in 1927 he shipped him to the Braves for whom he hit .387 and the next year found him hitting .380 for the Cubs.

McGraw shipped a young Eddie Roush to the Reds, where he was one of the great stars of the game for many years, and then when he was about to be washed up McGraw bought him back.

The Giants have been stuck in many a deal but they also have made some good ones, as for example when they got Johnny Antonelli from the Braves.

The smartest of managers have failed to see the potential greatness in young stars and they also have misjudged the end of a player's career by several years.

When Bill Terry was managing the Giants, he let the veteran Fred Fitzsimmons get away to the Dodgers. Fred had been a great pitcher for the Giants for 13 years and Terry thought he had reached the end of the trail.

But Fred lasted several years and won a total of 47 games for the Dodgers and one year helped the Dodgers into the World Series. Terry traded Fitz for Tom

Gets Divorce

ATTRACTIVE Helen D. Olson has won an interlocutory divorce decree from Carl (Bobo) Olson, former middleweight boxing champion, at Redwood City, Calif. The government, however, has slapped a lien on Olson's property for \$95,000 reportedly owed by the fighter for back income taxes. Olson soon starts on a comeback campaign. (International)

Baker, a fellow who never won a game for the Giants.

The Yanks let Johnny Allen get away from them and he won 49 games while losing only 19 for the Indians in the next three years.

And only last year you will recall the Indians let Sal Maglie get away and Sal helped pitch the Dodgers into the World Series. Deals like these are so interesting because you never know how they are going to pan out.

Bobby Del Greco Sent To Montreal

CHICAGO, May 20 (INS)—The Chicago Cubs today optioned Bobby Del Greco to Brooklyn's Montreal farm club in the International League to make room for outfielder Frank Ernaga.

Ernaga, who has been in the Cubs' farm system since 1954, was purchased from the team's Portland farm club in the Pacific Coast League.

Calumet's Rosewood Wins In New Jersey

CAMDEN, N. J., May 20 (UP)—Calumet Farm's Rosewood relished the sloppy going today and won a hollow victory at Garden State Park in the featured Wildwood Purse.

This was the second straight score here for the Bull Lea filly who finished five lengths before C. Mahon Kline's Last Slam. Pelita, who ran off the last time entered and was scratched, today was third best, slightly more than a length away.

Rosewood, ridden by Ovie Scurlock, ran the mile and 70 yards in 1:44 and brought her backers in the crowd of 18,496 a return of \$3.60, \$2.80 and \$2.40.

Gen. Duke Will Not Run At Belmont

Winner Of Derby To Rest For Month

CAMDEN, N. J., May 20 (UP)—Trainer Jimmy Jones announced today that Calumet farms' star 3-year-old, Gen. Duke, will be rested for at least a month. The decision virtually eliminates the colt from the Belmont Stakes in New York June 15.

Jones said new X-rays of Gen. Duke's injured foot showed no break. The diagnosis of the injury is a severely bruised foot with a month's rest prescribed as the cure.

The Calumet trainer said the horse would remain at Garden State until the end of the meeting June 1, and then would be shipped to Kentucky, New York, Delaware or Chicago.

Gen. Duke injured the foot prior to the Kentucky Derby trial and aggravated the injury in that race. He missed both the Derby, won by his stablemate, Iron Liege, and the Preakness, taken last Saturday by Wheatley Stable's Bold Ruler.

American carpets are truly international. It is possible for a single carpet to contain fibers from Argentina, New Zealand, Iran, India, Scotland and North Africa since the wool produced in these countries stands wear better than that from U. S. sheep.

Woman Dies As Result Of Injuries

Mrs. Patricia Trenton Succumbs In Hospital After Accident

Mrs. Patricia Lee (Christ) Trenton, 28, of 527 Greene Street, died yesterday at 3:25 p. m. in Meyersdale (Pa.) Community Hospital as a result of internal injuries sustained in a one-car crash Saturday evening on U. S. Route 219 in Garrett County.

She was taken to the hospital in critical condition, and lapsed into unconsciousness just before she died.

Her 10-year-old daughter, Cynthia Ann, and Raymond Wempe, 28, of 614 Elwood Street, driver of the car, are reported in "fair" condition at the same hospital.

The car went out of control on the wet highway as Mr. Wempe attempted to negotiate a left turn about three miles south of Keyser's Ridge on U. S. Route 40.

The car was demolished when it careened to the left of the highway and traveled about 60 feet, striking two trees.

Patients To Be Moved

The daughter sustained a fractured pelvis and head injuries while Mr. Wempe sustained chest injuries. Both patients, according to an attending physician, are expected to be moved to a local hospital when their conditions permit.

An autopsy was performed on Mrs. Trenton by Dr. Alexander Slosko and Dr. Ross Rumbaugh, who said she died as a result of internal injuries. Robert Halverson, Somerset County coroner, also investigated.

Mrs. Trenton was an employee of the Chesapeake and Potomac Telephone Company, having worked as a telephone operator and more recently in the business office.

Native Of Cumberland

A native of Cumberland, she was born May 4, 1929 and was a daughter of Philip T. Christ Sr. and Mrs. Mildred C. (Sell) Christ.

She is survived by her parents and her daughter, two brothers, Philip T. Christ Jr. and Robert G. Christ, both at home, and a sister, Mrs. Joann Thom, city.

Mrs. Trenton was a member of SS. Peter and Paul Catholic Church, SS. Peter and Paul Mother's Club, and the church choir.

She also belonged to Lambda Chapter, Beta Sigma Phi Sorority. Active in music, she took part in the Men of LaSalle minstrels and also helped to direct the shows.

A graduate of St. Patrick's parochial school, she attended Catholic Girls Central High School, Frostburg State Teachers College and Potomac State College in Keyser.

The body will be at the George Funeral Home this evening.

Driver Killed In Freak Crash

Howard Ickes Jr., 34, of Osterburg, Pa., died in Bedford County Memorial Hospital yesterday morning as a result of injuries sustained in a freak highway accident five miles north of Bedford on U. S. Route 220.

He suffered a fractured skull when struck by some bricks being hauled on a flatbed trailer and driven by Edward Page, 44, of York, Pa. Police said the accident occurred when the load of bricks shifted and struck the automobile on a curve near the Pennys Hollow Road north of Bedford.

Some of the bricks went through the windshield and left front door window, striking Mr. Ickes, who died later in the hospital.

Approximately \$2,500 damages was done to the sedan driven by Mr. Ickes and about \$75 damage was caused to the load of brick. The accident occurred about 8:50 a. m. (EST) and the victim died about 10:15 a. m.

Ridgeley Legion Nominates Today

Nomination of officers for the coming year will be held this evening at a general membership meeting of Knobley Mountain Post 136, American Legion of Ridgeley.

Archie Lough, commander, announced last night the meeting will begin at 8 p. m. An executive board meeting will follow the regular meeting.

Deaths

Crouse, Infant, Paw Paw, W. Va.

Second Teen-age Road-e-o Written Test Scheduled

A second written examination for capable teen-age drivers who would like to compete in the fifth annual Teen-age Road-e-o, sponsored by the Cumberland Junior Association of Commerce, will be conducted in Room 1

at Central YMCA at 7:30 o'clock this evening.

Five boys took the written test last Saturday and a number of additional teen-age drivers are being sought by the Jaycees to demonstrate their skill in this safe driving contest.

The driving test is scheduled for 1:30 p. m. Sunday in the parking lot of the Wineow Street A&P store where each of the previous four local eliminations has been conducted.

Those who took the test last Saturday include Francis Eugene Laing, 17, of 802 Williams Street; Calvin R. Athey, 18, RFD 2; Carl Petenbrink, 16, of 487 Fort Avenue; William Liller, 18, Baltimore Pike; James Daniel Pugh Jr., 17, of 6 Virginia Avenue.

Entry blanks may be obtained from Hill's Toy Store on North Centre Street or from any driver education teacher.

William Hill is general chairman of arrangements for the road-e-o. Others assisting him are Casper Taylor Jr., judging and scoring; Charles Dressman and Stanley Goodrich, location, course and equipment; Edward Eyer, eligibility and certification, and William Kirk, publicity.

Nationally the road-e-o is sponsored jointly by the U. S. Junior Chamber of Commerce, the American Trucking Association, Liberty Mutual Insurance Company, the Chrysler Corporation and Pure Oil Company.

The Bedford concern is the only one of its kind in the world, Mr. Fletcher stated. It has plants in Bedford and Harman, W. Va., and is a high-priority company making wooden pins for communication lines. Its present income is about \$500,000 a year, he added.

The wooden pins made by the company are used to fasten communication wires onto crossbars atop telephone, telegraph and power line poles, Fletcher stated.

The location of the plant in Bedford is ideal because yellow pine trees, used to make the pins because of their ability to withstand all types of weather conditions, are found in Bedford, Garrett and Allegany counties, he said.

The purchase price includes the inventory of raw and finished products on hand, and the appraisal of the plant, equipment and real estate owned by the concern.

No changes are contemplated in the plant's operation at present, Mr. Fletcher said, with a board of directors to assume control and key employees now with the company assuming its administrative duties.

Mr. May, who is retiring from business because of ill health, founded the firm in 1912.

Cancer Crusade Collections Reach \$9,751

Allegany County's Cancer Crusade now stands at \$9,751.35, leaving less than \$250 to reach an unofficial goal of \$10,000, according to William Walsh, county chapter president of the American Cancer Society.

The total collections include \$6,000.04 in the house-to-house solicitation with Ellerslie, Westport, Luke and Union Grove still unreported.

Figures from Charity funds and special gifts solicitation account for the other \$3,751.31, including a \$66.50 gift from the Cumberland Lions Club. Last year's total collections reached \$7,177.50.

Most Rev. Francis P. Keough, archbishop of the Catholic diocese of Baltimore, (at left) prepares to dedicate the new St. Ambrose Church in Cresaptown Sunday morning. Assisting him are Rt. Rev. Msgr. J. Lawrence Kilkenny, left, pastor of St. Patrick's Church and rural dean of Western Maryland, and Rev. Marius Elsener, O. F. M. Cap., pastor of SS. Peter and Paul Catholic Church. At the right is a view of the ceremony marking the laying of the cornerstone of the new educational building of Calvary Methodist Church, Ridgeley. Participating, left to right, are Dr. Harry C. Marsh, superintendent of Hagerstown District Methodist churches, Rev. Harold L. May, pastor of the church, and Dr. Philip C. Edwards, Baltimore, executive secretary of the Conference Board of Missions and Church Extensions, who gave the cornerstone laying address. Cost of the building will be about \$36,250.

ABL Awarded \$3½ Million Navy Contract

To Test Propulsion For Guided Missiles

Sens. J. Glenn Beall and John Marshall Butler of Maryland yesterday announced that the Navy has awarded a \$3½-million-dollar contract to Allegany Ballistics Laboratory at Pinto, to engineer an experimental propulsion systems for guided missiles.

The Pinto plant is operated by Hercules Powder Company for the Navy Bureau of Ordnance. It is the Navy's principal facility for research, development and experimental production of solid propellants for missiles.

The ABL plant is one of two firms now working on the third stage of the earth satellite. The whole project is known as "Operation Vanguard." The third-stage rocket would give the satellite the final "kick" to start it on its orbit around the earth.

D. H. Little, Pinto plant manager, said last night the new contract is merely a continuance of the work on the same level as has been conducted there in the past on the project.

There has been a gradual build-up of the ABL force in the past few months, he noted, with the main need at the laboratory for technically-skilled personnel.

However, he added, he did not think the new contract would bring about any notable increase of the working force at ABL.

Sports Car Dispute Filed Here

An interstate squabble over the purchase of a sports car two months ago by a Delaware woman from a West Virginia man has ended up on the docket of Allegany County Circuit Court.

Margaret O. Boden, 29 West Park Place, Newark, Del., brought suit over the weekend against Leech Cracraft, 1957 Decatur Ave., Wheeling, W. Va., for \$5,952.54. Presumably the suit was filed here because it was figured that Cracraft would have been here over the weekend attending the Cumberland National Sports Car races. Two years ago he won the first race on the program.

The Delaware woman contended in her suit, docketed by Attorney William A. Gunter, that she bought a Cooper sports car from Cracraft on or about March 18, 1957, for \$5,000, on his representation that the vehicle was a new race car and had been in only one race.

The plaintiff argued that she undertook to enter her new car in a sports car race and it broke down during a practice run. She said competent mechanics inspected and overhauled the car and insisted it was not a 1957 model.

A further contention is that Cracraft actually obtained the car in question last August and raced it a number of times before he sold it. She said it took \$952.54 to place the car in condition to enter sports car races.

Chest Receipts Are At 62 Per Cent Mark

Receipts from 1956-57 pledged to the Cumberland Community Chest totaled \$94,649.91, or 62 per cent of all pledges, on May 1.

A financial report approved by the Board of Directors of the Chest Friday showed April disbursements of \$9,377.10, receipts of \$2,909.45 during April and a cash balance of \$20,774.68 on May 1.

B&O Reports Progress On Yard Project

Two Phases Will Be Completed Soon

Two phases of the modernization of the Baltimore and Ohio Railroad's yard facilities in Cumberland will be completed this year.

An article in the current issue of the B & O Magazine points out the concrete arch over Evitts Creek is about 60 per cent complete and that this phase of the \$13,000,000 project should be finished in June.

The 445-foot archway, which will support 16 tracks of the railroad's most modern car classification yards, is being built by the R. J. Nissley Company of Lancaster, Pa.

The second contract, which was begun early in March, will be completed by the end of the year, the B & O said.

Awarded to the Harrison Construction Company, Inc., Pittsburgh, the project involves grading, pipe work and building of culverts over an area extending from the Virginia Avenue area to the Mexico Farms Road.

Awards for each of the contracts exceeded the \$1,000,000 mark, informed sources said.

The huge project began last October and will require four and one-half years to complete.

Frostburg Girl Scout Troops Join Council

Nine Frostburg Girl Scout troops have accepted an invitation to affiliate with the Cumberland Council Girl Scouts in view of the County United Fund plan, it was disclosed last night at a meeting of the board of directors of Cumberland Council.

After the Cumberland Girl Scouts accepted an invitation to affiliate with the County United Fund, it became the local council's responsibility to extend coverage and service throughout the county.

Leaders in the communities where there have been long troops without recognized council jurisdiction were invited and the Frostburg troops are the first to accept. This action assures the Frostburg troops of the advantages of professional direction and leadership, a broadened training program, participation in Cumberland Council camp and other activities and an expanding program, the Council pointed out.

The board of directors also approved the budget for 1958, which was prepared by the budget committee after each chairman and committee had submitted their particular requests. The board, in light of the added coverage under United Fund, approved a United Fund county-wide budget, rather than the former strictly local Community Chest budget.

Final action on the Frostburg admittance and the budget must be taken by Cumberland Council at the regular meeting Thursday at 7:30 p. m. at the scout house.

Miss Olive Hurlburt, scout executive, said open house or visitors' day will be held June 16, Father's Day, at the new Girl Scout Camp near Flintstone. She reported on improvements made, and said that much has been done to get the camp ready for this summer.

The board also authorized Theodore Foote, chairman of the public relations committee, to proceed with plans for a booth or appropriate Girl Scout exhibit at the Cumberland Fair.

MRS. FRANK R. BLAUL

Civic Orchestra Presents Final Concert Tonight

The spring concert of the Cumberland Civic Orchestra will be held tonight at 8:15 o'clock in Allegany High School auditorium, under the direction of Wilton Syckes, conductor.

As a special feature, Charles I. Sager, head of the music department at Frostburg State Teachers College, will be soloist. Mr. Sager, well known in area musical circles, formerly was head of the voice department at Washington University, Topeka, Kansas, is musical director of the Cumberland Choral Society and minister of music at Centre Street Methodist Church here.

His professional experience includes appearances in the American premiere of the opera "Peter Grimes" at the Berkshire Music Festival, Lenox, Mass. He also sang with the Robert Shaw Chorale, was soloist with numerous choral societies in performances of "Elijah," "The Messiah," "Creation," Verdi, Mozart, Brahms and Mozart "Requiem," and Bach cantatas in the Middle West.

Mr. Sager also sang the role of Lord Tristram in the Kansas University Opera Workshop production of the opera "Martha" in the summer of 1954.

The orchestra has been holding weekly rehearsals regularly, planning for this final concert of the season. Several members will be featured in special selections, and one of the outstanding attractions in renditions on the harp by Mrs. Frank R. Blaul.

Among featured selections on the program tonight will be "L'Arlesienne Suite" (Bizet), "Semiramide" and "The Moldau." Elgar's majestic march, "Pomp and Circumstances," will also be played in addition to a group of lighter compositions including "Tea For Two."

Walter Brock Heads Exchange

Walter Brock, 841 Gephardt Drive, operator of Brock's Scrap and Salvage Company here, has been elected president of the Cumberland Exchange Club, succeeding Richard Cook, Fairmont Avenue, contractor.

Charles Genevie, LaVale, was elected vice president; Garnet W. Davis, North Mechanic Street, treasurer; John M. Robb, attorney, Allegany Grove secretary; and George H. Tederick, Charles George and Carl Daum, members of the board of control.

Installation of officers will be held at a dinner-dance June 15 at Ali Ghan Shrine Country Club.

Gates, Signals Will Be Tested Here This Week

B&O To Level, Blacktop Crossings

Automatic crossing gates which the Baltimore and Ohio Railroad has scheduled to go into operation next Tuesday will get a workout this week when synchronized traffic controls incorporated into the system are tested.

The Mayor and Council yesterday made a general inspection of the \$118,500 system installed by the B&O at the Knox, Valley, Pear and Franklin street grade crossings.

During the informal tour, city officials objected to the lack of a pedestrian gate on the west side of Pear Street.

Plan Extra Care

E. M. Cummings, Pittsburgh Division engineer, yesterday afternoon informed C. R. Nuzum, city engineer, that the B&O will install a pedestrian gate.

He said that until the gate is installed, the railroad will set a suitable barricade in place.

A number of other items of work were planned at the engineering conference held in the Engineering office.

At Knox Street, Mr. Nuzum said, the railroad will extend the crossing walk to match a new sidewalk placed by the city, and at Pear and Franklin, will modify humps left after sidings were removed.

Considerable blacktopping work is planned to smooth the crossings.

To Test Controls

Later this week, a representative of the firm which supplied the traffic controls for the crossings will be here to put the lights through their paces.

The complete system will be tested at the time the signal lights are checked.

Mr. Nuzum will make formal inspections of the crossing gate and signal installation and report to the Mayor and Council.

The crossing systems are scheduled to go into operation Tuesday at 12:01 p. m.

City officials are planning to participate in the formal ceremony setting the system into operation.

Artist Enters National Show

Lawrence W. Becker, art teacher at Allegany High School, has had a water color painting accepted in the 60th annual National Water Color Club Show of the Washington, D. C., Water Color Club.

The show is one of the two oldest professional shows held in Washington annually.

There were 157 water color prints, drawings and pastels selected by the officers and board of managers of the Washington Water Color Club.

The show is being held at the United States National Museum, Constitution Avenue and 10th Street, N. W., and will conclude on June 2.

Some of the states represented in the show are Pennsylvania, Ohio, Washington, Maryland, Connecticut, Massachusetts, Texas, California, Virginia, Michigan, New York, District of Columbia and Hawaii. An artist from Italy also had an etching accepted.

Mr. Becker's painting is entitled "Night City." It portrays tall, dark buildings against a light sky and full moon.

The artist has employed the use of the razor blade to scratch in the outline of the buildings, and to give texture to lighted windows, foreground and sky.

Seabee Reserve Unit Will Be Inspected

The annual inspection of Seabee Reserve unit 5-7 McKaig's Hill, will be held this evening beginning at 7:30 o'clock and will be in charge of Commander Held of the Fifth Naval District.

The unit will be in competition with other district units for first place trophy. The local organization won the trophy several years ago.

Personnel and class rooms will be inspected and the activities of the past year will also undergo inspection. The unit, comprised of many ex-servicemen, meets once a week on Tuesday. There are 45 men in the unit.
